

1st March 2022

Dear Parents,

Last week, we re-introduced face-to-face assemblies with the pupils attending an assembly in their different phases (Reception and Yrs 1 & 2, Yrs 3&4 and Yrs 5&6). During these assemblies we will remind the pupils of the school's Core Values and rebuild our sense of unity as a school community after a two-year period of learning and playing apart.

With current world events as they are, there is no better time to remind our pupils of the importance of togetherness irrespective of the country we come from or the language that we speak. This week, as we celebrate World Book Day on Thursday, we will listen to traditional tales spoken in many of the languages represented at Valley.

On a different note, at 7pm on Thursday evening, we will hold an extraordinary general meeting of the PTA to elect the new committee members and discuss PTA events for the summer term. The meeting will be held in the main hall at school but for those parents who would like to join the meeting virtually, please use the following link:

Every morning this week on the playground (weather permitting), there is an opportunity for parents to share their ideas for future PTA events as well as sign up to assist with the different roles within the school's PTA. Please do visit the tables one morning this week to find out more.

Finally, on the playground this week, is all the unnamed lost property from last half-term. If your child is missing an item of clothing, please do check through the lost property before Friday.

Yours sincerely,

Mr. S Jackson
Head Teacher
