

Task 1

Can I find pronouns and alternative nouns in a text and use them in my own writing?

Look at Chapter 2. Can you find alternative pronouns and pronouns which are used in place of 'the iron man'?

1. **Pronouns** - a word that is used by itself and that refers to the characters in place of the noun (e.g. *I, you, he, she, it, this*).

Alternative pronouns – other words that they use in place of 'the Iron Man' other than the pronouns *he/it/the large thing*.

Pronouns	Alternative nouns

Now, try writing some sentences of your own using the words above.

Remember to include capital letter, full stops but also try to use adverbs and conjunctions in your sentences. Use last week's English pack to help.
