

Year Group: 6

Home Learning

Week Beginning: 08.02.2021

This week is a little different to normal...

Please read the following carefully to ensure you have everything you need ready for your live lessons.

Hello Year 6,

As you will see, things are a little different this week. The agenda below explains all that will be happening throughout the next few days. For each session, you will need to carefully read what resources you will require during the live lessons – please try to have these available so that you can participate fully. Sometimes, we will ask you to complete a task before a live lesson, and sometimes, you will need to wait until after the lesson so we can explain everything first.

Our theme for this week is WW2 and, whilst you still need to attend every live session and complete the set Maths and English tasks, you have been given some choice as to which Foundation activities focus on.

On Friday, we will have another Circle Time session with the whole year group, so please be sure to send your class teacher anything you wish to share. We will choose the first 5 from each class.

As usual, if you have written, made or created something you are particularly proud of then we would love to see a photo of it! You can send up to 2 pieces of work per week to your class email address and Ms Mednick or Miss Mole will comment on it or send you a certificate for your brilliant work. We have really enjoyed seeing the things you have been sending us- keep it up, Year 6! We're really proud of you.

enm@valley.bromley.sch.uk or erm@valley.bromley.sch.uk

We will not be able to mark each piece of work you carry out at home but expect you to self-assess using the given answers or top-ticks when necessary.

If you have any questions, you can email us and we will help. We will also communicate with you via PurpleMash at times, so be sure to check your messages just in case!

We hope to see you soon and we look forward to seeing what work you've produced.

Miss Mole, Ms Mednick and Mrs Jones.

Please ensure you are in the lobby about 5 minutes earlier than the start time to ensure we are able to begin the lesson promptly. We will continue to be using the Teams app to run these sessions – your calendar will be updated to allow you access to these meetings.

Please note the change of times for some of this week's online sessions.
