

Meeting Date: 15th October 2025 | **Meeting Time:** 1-2pm

Meeting Agenda: Spiritual, moral, social and development cultural

Pupil Voice Focus

How do students explore beliefs and values?

It's weaved into most lessons. But we also do an Equality and Diversity lesson.

Do they feel they have opportunities to reflect, be creative, or experience awe and wonder?

In Food Tech we are allowed to be creative, we also attend outside trips so that we can gain new experiences.

Questions for Pupils

What helps you feel calm, peaceful, or inspired at school?

Teachers being supportive, less people in the school, more 121 time with trusted adults/key person. Allowing us to have a timeout, caring and understanding staff and being able to take a break from learning when we are becoming overwhelmed.

Do assemblies or lessons give you time to think deeply or reflect on big questions?

Assemblies push me out of my comfort zone. They inform us on what is going on.

Are they given chances to discuss moral dilemmas or make decisions?

Reflective conversations and pupil voice.

Are school rules fair? How can they be improved?

We think the school rules are fair and consistent. We could maybe have a PlayStation again in one of the rooms for cold and wet days for break times.

What does being a good person mean to you?

Helping people, being kind, caring and respectful. Understanding other people's point of views.

Have you had chances to take responsibility or stand up for what's right?

I have done this in a lesson, where I did not agree with what was being said.

Other

The curriculum can be adapted for our needs easier than in mainstream schools.
