School uniform

How do you feel about the school uniform?

Overall students are happy with the uniform we currently have but have made some suggestions. They have said that they would like to be given more freedom with the colour of joggers that they are allowed to wear. Students mentioned that although they do not mind the polo tops, they would rather have t-shirts that are made from thinner material for the warmer month. Students have mentioned that they would like the jumpers to be a little thicker to keep them warmer. They have also found that our current jumpers come up a little small in the arms.
