

Pupil Voice - Meeting Notes

Meeting Date: 1st March 2023 **Meeting Time:** 13:15pm

Meeting Agenda: Teaching & Learning / Rewards & Enrichment

Teaching & Learning

Which Subjects do you enjoy?

- PE
- Art
- Science
- Food Tech
- Science

Why do you enjoy these subjects?

They are calming and relaxing. Teachers support us and don't just set us work we don't understand. Keep us interested. The teachers give us help and don't just assume we have understood what we got to do after telling us once.

Are there any subjects you would like to include on the curriculum?

- History
- a language maybe?
- Business,
- Music/Performing Arts

Do you know what your grades are in every subject and how to improve?

No, not for every lesson, but they are in our books.

If not, how would you improve the system?

Teachers to have discussions with pupil's individual about their targets, and how they could improve our work.

Why would you like music, dance, drama added to the curriculum then?

More fun, more practical which we enjoy more. Could be spread out so 3 lessons a week. Lesson 1 music, Lesson 2 Dance and Lesson 3 Drama.

Timetable

We find having English, maths and science all together. We want more practical lessons especially in afternoon as struggle to focus in the afternoon.

Rewards & Enrichment

Would you like the basketball guys to come back?

No, we don't like the basketball guys.

What do you think of the reward boxes and are they working?

Yeah, we like them, but they need updating more frequently.

We want more food in them such as chocolate and sweets. We would like fidget toys and things like play putty as they help with keeping us still and we enjoy these things.

What trips do you enjoy or would you like to see offered in the future?

We enjoy Base jump, the football matches with staff.

We would like to do a trip to the fire station and do like an experience day there, paintballing, laser tag, ice skating, roller city, escape rooms and bowling.

We don't want to do horse riding doesn't seem like would be fun and what if we are scared of them.

Other AOB raised by pupils

We want the girl and boy groups back and on a regular basis.
