

Your Time At Victory Park Academy

Induction:

During induction we assess pupils needs and prepare an appropriate tailored programme of support. This can included a personalised timetable, which will ensure each student can make the progress needed to succeed at either at VPA, in their next school or in further education or employment. We also work closely with students and their families to ensure we all set aspirational academic targets in order to gain the necessary accreditation required for their next steps. The main aim of all our Key stage 4 programmes is to enable students to be best prepared for their successful move into the world of training, further education or work-related-learning.

Timetable:

8.45am - 9:00am - Breakfast Club

9:00am - 9:15am - Morning Tutor Time

KEY STAGE 4 PROGRAMME

Our aim is to:

- * **To maximise the opportunities to achieve qualifications and prepare them for their post-16 education.**
- * **To offer support strategies so pupils can manage themselves and achieve their full potential.**
- * **To promote and develop independent learners.**
- * **To offer career guidance; training or employment and develop their social independence.**
