

# BSL CLUB

## Why Learn British Sign Language?

By learning BSL, you will be able to communicate with deaf people and contribute to a society that includes deaf people. Learning BSL can help you become deaf-aware and enjoy the deaf community's vast variety. One in five adults in the UK suffers from hearing loss. As a result, Deaf Awareness is a pretty huge thing if you can communicate with other people.

**Deaf Awareness** - promote the positive aspects of deafness and social inclusion.

Learning sign language will help connect with deaf people and give you a greater understanding of the deaf community.

In the UK **BSL** is the country's most widely used sign language. Learn how to sign questions in British Sign Language that you may use when meeting a Deaf person for the first time, and how to share information about yourself and your family.

### Diversity

If you learn sign language, you will be able to communicate with the deaf community and will be better prepared to deal with language and communication challenges.

Have fun learning – **BSL** club includes learning songs and chatting with our friends. It is informal, lively, lots of fun and **completely free**.

-Mr Lee (BSL Club Leader)
