

Butser Ancient Farm

YEAR 3
DAY TRIP

Butser Ancient Farm

Year 3 visit Butser Ancient Farm to enhance their history topic in school. We visit Butser to learn more about the Stone Age. On the trip, children have the opportunity to participate in 4 different Stone Age activities including jewellery making, chalk carving, making cordage and taking part in an archaeological dig.

Butser Ancient Farm

Butser Ancient Farm is in Hampshire and the children will get a coach on our trip – it is about 1 hour 15 minute journey. It is only for the day so children return to school for usual pick up.
