## Statement of intent

At Wallace Fields Junior School, we will support pupils to eat healthily and keep hydrated while in school. We also aim to teach pupils to make healthy food and drink choices using the curriculum and to reflect these principles in the school's food menu and cooking provisions.

We acknowledge the important connection between a healthy diet and a pupil's ability to learn, concentrate, and achieve high standards in school. We are, therefore, committed to promoting a lasting healthy lifestyle for everyone.

As part of our healthy eating and living campaign, Surrey catering will uphold the highest standards of quality, nutrition and cleanliness; adhering, without exception, to food standards and legal obligations. As such, this policy has been implemented to help staff and parents deliver consistent messages to pupils, enabling them to develop a positive and independent approach to a healthy lifestyle.

## Healthy eating statement

The school provider for lunches Twelve15, will use healthy cooking methods to contribute to healthy eating, such as the following:

All menus will be developed in accordance with the nutritional standards set by The School Food Plan in 'School Food Standards: A practical guide for schools, their cooks and caterers', which are outlined in the Whole-school Food Policy.

The school will encourage pupils to adopt healthy lifestyles, both through a nutritional diet and regular exercise, during assemblies, PE lessons and PSHE.

The school will adopt a healthy eating strategy and embed its principles throughout the curriculum.

## Drinks

The school will teach pupils the importance of drinking plenty of fluids and how hydration helps contribute to effective learning, good health and improved physical performance.

The school will provide safe drinking water throughout the school day. This will be available via:

- Drinking fountains around the school and in the playground.

Staff will have access to drinking water in the staff room.

The school will encourage pupils to consume extra fluids on hot days and during and after physical activity, e.g. PE and sports days.

Pupils will be encouraged to bring bottled water with them to school. Pupils will be permitted to refill water bottles via drinking fountains during the school day.
