## Head's Update

### Summer Term Begins

We welcomed back all the children and the summer term is in full swing. I hope you had a very pleasant Easter break and I am sure you were looking forward to the start of the term. The summer term is always a very busy and exciting with a lot of preparation and planning going into day trips, visits and residential trips. It is great to see how excited the children are to be going on the trips and the newsletter will be packed with the details of those trips so always keep a special eye on your child's year group(s).

Well done to the Year 3 who created some amazing information presentations and models all about Stonehenge - some of those were truly inspired (details below). I was impressed by the attention to detail, the creative approaches to representations and the different media included. There was a lot of information and one model was made out of chips! The children should be rightfully very proud of their efforts.

### Green House Mufti - Thursday 1st May 2025

The house with the most house points at the end of the spring second half term were Green House, so they get a mufti day next week on Thursday 1st May 2025. Children in Green House can wear their own clothes with something green if possible to celebrate their own house success.

## Thanks To PAW Group

My thanks to the Prayer at Wallace Fields (PAW) group who did a lovely assembly this morning all about Easter. A fun and lively interactive assembly.

We look forward to inspiring your future space explorers.

#### **Year 4 Multiplication Table Check**

The Multiplication Table Check (MTC) is taking place **after the half term between 2nd - 13th June 2025**. The handout has been given out in autumn and spring terms explaining the multiplication table check; it is below again for reference. **Please encourage your children to use the 'Soundcheck' area on Times Tables Rock Stars (TTRS).** Completing sessions in this area will prepare your child for the check in June, with a very similar setup to the real test. We do lots of practice in school and the children have made outstanding progress with their tables over the year. The Year 4 team have worked incredibly hard to prepare the children for the check and will continue to focus on times tables next half term ahead of June. Thank you for all your continued support in getting the times tables embedded to help increase fluency and confidence in maths. Miss K. Sarjeant. (Maths lead).

A photograph showing a child's hands interacting with a tablet. The tablet screen displays a multiplication problem,  $12 \times 8 =$ , with the answer '96' shown in a box. The child is wearing a red long-sleeved shirt. The background is slightly blurred, showing what appears to be a classroom setting.

## Information for parents: multiplication tables check

---

### Do you have a child in year 4 at primary school?

If so, your child will be participating in the multiplication tables check (MTC) in June.

The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in mathematics. It will also help your child's school to identify if your child may need additional support.

### What is the multiplication tables check?

It is an on-screen check consisting of 25 times table questions. Your child will be able to answer 3 practice questions before taking the actual check. They will then have 6 seconds to answer each question. On average, the check should take no longer than 5 minutes to complete.

### What if my child cannot access the check?

There are several access arrangements available for the check, which can be used to support pupils with specific needs. Your child's teacher will ensure that the access arrangements are appropriate for your child before they take the check in June.

The check has been designed to be inclusive and accessible to as many children as possible, including those with special educational needs or disability (SEND) or English as an additional language (EAL). However, there may be some circumstances in which it will not be appropriate for a pupil to take the check, even when using suitable access arrangements.

If you have any concerns about your child accessing the check, you should discuss this with your child's school.

#### Do I need to do anything to prepare my child for the check?

No, you do not need to do anything additional to prepare your child for the check. As part of usual practice, teachers may ask you to practise times tables with your child.

Schools will have unlimited access to a 'try it out' area from April. They can use this to make sure pupils have the necessary support to access the check. This includes opportunities for pupils to familiarise themselves with the check application and try out any access arrangements that may be required.

#### How will the results be used?

Schools will have access to all their pupils' results, to allow them to identify pupils who need additional support.

#### Will I receive feedback on my child's check?

Yes. Your child's teacher will share your child's score with you. There is no pass mark for the check.

#### Further information

Your child's teacher will be able to answer any questions about the MTC.

For further details you can also visit

Further information about the personal data we collect, process and store for the MTC is available in the department's <sup>1</sup>.

### **Year 5 Epsom Islamic Centre Visit – Wednesday 21st May 2025**

As we are about to start studying Islam as part of our Faith and Philosophy curriculum in Year 5, we have organised a visit to the Epsom Islamic Centre, on Hook Road. This will give the children greater knowledge and apply their learning from the visit when we start the unit. The trip is planned for Wednesday 21st May 2025 and we will be leaving school at 9.00am prompt. Please ensure **your child is in school by 8.50am** as we want to do the register, toilet trips and water bottles before we leave at 9.00am. We will walk there and back, and be back before lunch. Please note, **pick up is as usual** as we will be in school for lunch and the afternoon. Children do not need a packed lunch.

There is no charge for this trip as we will be walking to and from the centre and as we already have parental consent for local walking trips, we do not require any further permission.

Please make sure your child has a **named water bottle and morning fruit snack** for the trip (fruit or vegetables) and they are dressed appropriately with additional layers if the weather is not due to be dry. It is Year 5 PE day so the children will already be in their PE kits and trainers.

This trip will be highly beneficial and we are very grateful to Mrs Salam for helping us arrange this visit to inspire our upcoming Islam learning.

## YEAR 6 LEAVERS BOOK

NAME ..... CLASS .....

**1. Please draw your FIRST name in the box below. This will be the title of your page.**

Please do NOT go over the lines (as anything over the lines will not fit the page and be cut off). If you make a mistake, don't worry, just use another piece of white paper and stick it over the top, rather than doing lots of rubbing out, as this makes it difficult to keep the image clean when scanning.

Below are some examples to give you ideas, but PLEASE don't just copy them - use your own brilliant imagination! Use bright and colourful felt-tip pens, rather than coloured pencils, so the colours show up better when printed. Do not use glitter or metallic pens as these effects won't show up in print.
