In the news this week

Cambridge University has returned four spears to the descendants of an indigenous community in Australia, who crafted them. The four aboriginal spears are all that remain of the forty or so that British explorer, James Cook, and his team took from the Gweagal people more than 250 years ago. On their arrival in Australia in 1770, they became the first known Europeans to reach the country's east coast.

Things to talk about at home ...

- Share your response with someone at home to the news that the spears are being returned after 250 years. Do you both feel the same?
- What belongings are important to you? Do you have any items from grandparents or other relatives that have special value to you?
