Sets the school's vision and strategic aims, agreeing plans and policies, and making creative use of resources.

Monitors and evaluates performance, acting as a critical friend to the Principal to support and challenge them in managing the school;

Ensures that the school is accountable to the children and parents it serves, to its local community, the local authority, as well as to the staff it employs;

Oversees the financial performance of the school and makes sure its money is well spent.

Monitoring and evaluating the progress the school is making towards achievement of its aims and objectives.
