"Don't cry because it's over, smile because it happened."

— Dr. Seuss

Lexia Leaders Top 3

Who is going to be the greatest pupil across the school this half term?

Mathletics

TOP 3 THIS WEEK
1st - Nicholas - 2130
2nd - Jake F - 1410
3rd - Tiago E - 910

Get to know the subject

Food Studies is about knowing how to have a healthy diet and knowing how to keep food fresh and safe to eat.

The subject allows pupils to achieve a BTEC Level 2 in Home Cooking Skills and also a Level 2 in Basic Food Hygiene.

The most important thing we teach is 'living skills'. How to use the appliances that you would find in your own kitchen at home. This will set the pupils on track to be independent in the future.

What a great first week back. Well done to both the pupils and staff and **thank you**.

Next week is Anti-Bullying Week with a number of activities and lessons devoted to this area.

On Friday we have Children in Need, where pupils, for a £1 donation, can come to school in non uniform.

Dear Parents/Carers

We had a busy first term in Speech and Language Therapy, filled with assessments and target setting for the year ahead.

Luckily, we didn't get TOO caught up in work that we forgot to make our sessions fun!

Some of the out-of-borough pupils helped me to decorate my Speech and Language Therapy display by making the most creative scratch cards:

And we also made slime – lots of slime! We've had pastel slime, galaxy slime, glittery slime, cloud slime and very-hard-to-handle slime:

With such a great start to the year, we can't help but be excited for the term ahead J

Warm regards

Chevonne (Words First Speech and Language Therapist)

English

Year 10 hard at work writing their scary stories!
Watch this space and prepare to be terrified

Odd Shaun (the Shark) and Even Fred (the frog) helped us explore odd and even numbers in Green Class this week. T and A worked hard to secure this knowledge of smaller and larger numbers and are now champions at it! Well done Superstars!
