2nd—Fynley—1,060

3rd—Harry W—1,000

Primary Mathlete: Harry W

We have been experiencing an increasing issue with pupils not wearing the right school uniform, particularly trousers, and would appreciate your support in resolving this:

Primaries

In RE lessons, Blue class have been learning about the significance of colour during the Hindu festival of Holi.

They discussed what colours are significant for them, and thought about the Zones of Regulation. They finished their lesson by mixing the different primary colours to create secondary and tertiary colours.

Well done Blue class!

Additional Year 7 visitor for our group reading session this week! Special edition reading of 'Billionaire Boy' by David Walliams, read by Kevin, Yellow Class's resident puppet.

Lots of positive discussion and respectful opening up of emotions about the children's lives so far.

Enrichment Cooking:

Children chose to make omelette and macaroni cheese this week!

Fishing

We are now into week 5 of the fishing course at West Sussex & Surrey Angling Academy. The instructors were a bit worried that on their return from summer holidays, the pupils may have forgotten what they learned before.

However, they were pleasantly surprised on their return - not only setting their equipment up, but also their behaviour which, over the past 5 weeks, which they said has been exemplary and a credit to the school.

The boys have now moved on from rod and line, to introduce rod, reel and line—a whole new fishing experience!

Well done boys!
