TOP MATHLETES

Mathletics

1st—Nicholas—9,000

2nd—Harry—1,683

3rd—Fynley & Logan S—1,000

Primary Athlete: Harry

It is crazy to think that we are about to come to the end of yet another term. I am looking forward to seeing you all at the Easter Fair.

I also wanted to highlight that we are having issues with Chewing Gum being brought into school. Unfortunately, pupils are starting to abuse this and we are finding gum stuck on the floor, tables and walls. Which is just not acceptable. As a result we are now going to have to be a gum free environment and would really appreciate your support with this. Please talk with your children about this so that they are aware when they arrive on Monday morning.

I have also shared this with the with the pupils already.

Thank you for your support.

Miss Harris

**No chewing
gum**

Primaries

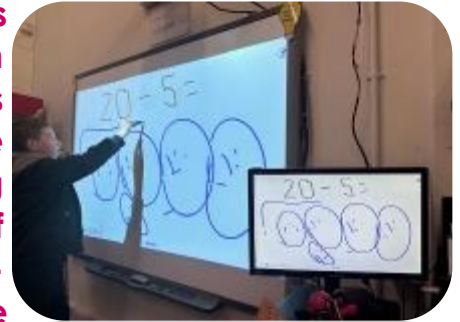

New Boards for Primaries

Last day of school
before Easter:
Friday 4 April 2025

Primary Maths

Awesome resilience and determination by a pupil who has made such amazing leaps in confidence at attempting elements of Maths that previously were triggers. So proud of his hard work and commitment to becoming a confident learner. This pupil is also an amazing role model in Maths to a younger pupil, also showing respect to their academic differences.

Gardening

Year 6 pupil
Preparing plant
pots and seeds
to be planted during
Golden Time—
runner beans,
carrots and sweet
peppers!

Year 11 Revision

With Summer Exams just around the corner, our Year 11s are encouraged to work that little bit harder on their revision.

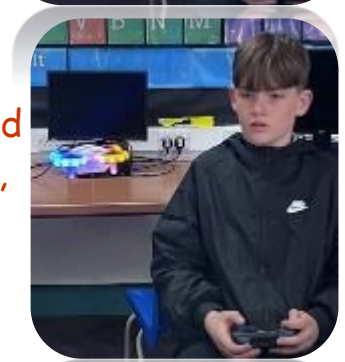

Support staff are always on hand to help out.

ICT

There are many ways to help our pupils engage with their learning, and we try to keep our tech as current as possible.

Here we have one of our Year 10's learning to fly a drone.

This is harder than it looks and takes precision, co-ordination and a good use of fine motor skills!

Food Technology

The Year 11's recently completed their final assessments for their BTEC Home Cooking Skills qualifications.

They served their 3-course meals to their Mums, who were very impressed with their skills!

KS3 Maths

7CMT were working hard on their Algebra, calculating formulae for different 2-D shapes.
