FILM
CLUB

This weeks Film Club was full and the pupil's picked Transformers - The Last Knight:

"A hunt for a

lost artifact takes place between Autobots and Decepticons, while Optimus Prime encounters his creator in space."

The film seemed to grip them as there was a lot of action in it.

Next week they will complete a review.

The weeks are going so quickly.

Below is a quick update of the activities and events coming up taking us up to the Christmas break.

- Christmas Card Competition Judging 10th December
- Christmas Concert—all parent/carers invited (please let us know if you intend to come) 11th December.
- Christmas jumper week (uniform as normal, but with a Christmas jumper/top 15th –19th December.
- Christmas Lunch 17th December
- Christmas Bingo 19th December

Across the School

Primary Science:

Pupils had a great time building with Lego and then seeing if it would float in water.

Year 8 Cooking:

As well as the fun practical side of cooking, pupils also need to plan. Here is one Yr8 pupil researching a recipe and recording it, so he can make the dish during his next Food Studies lesson.

ICT:

One of our Yr7 pupils kindly helping a Primary pupil in ICT. Being a through school can encourage an understanding and supportive environment. Benefiting both pupils in their learning.

Primary Art:

Red Class were working on self expression in their recent Art Lesson.

MUSIC—A group of pupils with a growing interest in Music, recently had the opportunity to go to the cinema to see *Six! The Musical*, providing them the chance to study professional vocals and orchestration, as well as a unique opportunity to see how music enhances storytelling, inspiring new ideas for their own musical development.

The trip was a great success.

The pupils had a fantastic time, the atmosphere was lively, and the show delivered all the excitement and energy we hoped for.

A royally memorable outing!
