Get to know the subject

Swimming

Pupils who attend swimming, focus on a variety of skills such as water confidence (e.g. floating in water or putting their face under water) to developing a range of swimming strokes. With the support of equipment, pupils will develop their kicking and arm movement during each swimming stroke.

Swimming is offered to all pupils across the school.

Thank you for your support at Parent/Carers Evening. It was a real success and really nice to have the opportunity to share the positive progress that your children are making.
