DAY**

As you will be aware, we had an internal Trust Inspection this week, which was very positive. We will have the final report in a week's time and I will give you all further updates. But for now, I want thank you all for your amazing support of the school and for you to make sure that you congratulate your children, as they really made us all so proud. They were each so articulate in their conversations to the Inspectors and really honest.

This is certainly not the only visit we will be having, but it was a really positive first visit.

Thank you to you all, and all the amazing staff at Wandle Valley Academy.

Miss Harris
