## Lisa's Inspirational Quote

"It does not matter how slowly you go so long as you do not stop."

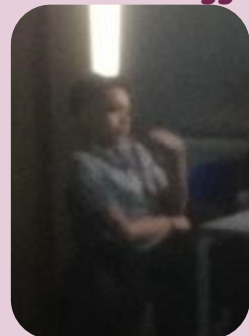

- Confucious

Genre: Animation

The purpose of Film Club is to watch a film and come together as a group. The focus is to then write a review and to give their point of view and state their reasons for them.

Underachiever Oscar is a pint-sized fish with grand aspirations. When mob-connected great white shark Frankie is accidentally killed, Oscar concocts a story with Frankie's peace-loving brother Lenny that it was he who murdered the shark. Suddenly hailed "Sharkslayer" by his aquatic brethren, Oscar has bigger

fish to fry when Frankie's father, mob boss Don Lino dispatches his henchmen to track down

his son's killer.

This Term's  
TOP MATHLETES:

Mathletics

1st—Nicholas W

2nd—Eric

3rd—Oscar

Primary Athlete: Lorenzo

It was really lovely to see all the pupils this week and most amazing to see how so many of the boys have managed to grow so much in two weeks.

As you will see in this bulletin, we have started our summer outdoor activities, to help support positive transitions into the next year group. All of our educational visits have a focus on 'soft skills' such as building resilience, team work, social communication etc and you will see from this week it was very successful.

Miss Harris

## Walton Firs Trip (Year 7)

This week, our Year 7 (plus 1 yr6) pupils took part in an exciting outdoor education trip to Walton Firs — and what a fantastic day it was.

One of the standout activities was *Night Line*, where pupils worked in pairs, with one guiding their blindfolded partner using only clear and calm instructions. It was

brilliant to see the level of trust, communication, and teamwork on display, with many pupils stepping up and supporting each other in new ways.

The group also enjoyed *Archery*, showing focus and determination as they developed new skills, followed by the challenge of *Climbing the Wall*, where resilience and encouragement from peers really stood out. Of course, there was also time to simply be

children — with lots of laughter as pupils rolled old tyres down the hill and made the most of the open

space and fresh air. It was a pleasure to see our pupils fully engaged, enjoying nature, and building confidence outside of the classroom. These experiences help develop important life skills such as teamwork, communication, resilience, and independence — qualities that are just as valuable as anything learned indoors.

At Wandle, we place great importance on outdoor education and the positive impact it has on our pupils, and this trip was a perfect example of that in action.

*Learning through experience, not just the classroom*
