

### Out and About!

In College, it finally feels that the world is opening up and we are able to get back out into the community and enjoy some trips. Recently, we had a group go to see The Lion King at the Bristol Hippodrome. The show was magical and it was a pleasure to see the smiling faces of our students. After the performance, a teacher from a Bristol secondary school came up to me and congratulated our students on their behaviour, saying he had not experienced a better behaved school group in a long time. They really were a credit to Warmley Park. The next week, we had a group go to Hollywood Bowl at Longwell Green and a few to the cinema to see Sing 2. Again, all students did themselves and Warmley Park School and College proud. It really is testament to all the hard work of parents and staff over the years in developing their independence, from Early Years right through, that we have such amazing young people in the College.

## World of Work

As ever, World of Work and developing skills for employment continue to be a major theme in College. Many of those skills are developed through internal work experience opportunities. College students have been doing a great job helping out in younger classes. They are so good, that students often mistake them for a member of staff!

## World of Work Week

Unfortunately, we had to postpone our whole school World of Work week due to the dreaded “C” word. However, this just gives us the opportunity to make it bigger and better in Term 5. It is so important for our young people, from 3 to 19, to have as many encounters with employers and to be as visible in the community as possible. To this end, we are asking if you can help with World of Work Week. Do you have an employer who would welcome a visit from a small group of students? Are you available to come in with some props and talk about your job? Everyone is welcome and it would be great to have involvement from our parents, carers and families. Please contact [marian.lovell@warmleyparkschool.org.uk](mailto:marian.lovell@warmleyparkschool.org.uk) if you can help.
