

Create a poster about our current British Value of Mutual Respect.

Write a recipe to create your idea of the perfect friendship, based on our work on our current Gospel Value.

Using your knowledge of how light travels, design a maze and use mirrors to show how light could travel from one side to the

Create a poster explaining to a younger child how to keep their information safe whilst online.

Using a religion we have not focused on this half term, research and make a fact file about a pilgrimage and why it is important to that religion.

Practise long division at home – teach a family member or friend how to do it and mark their work.

Create a cartoon of a first meeting between two people in French.

## Lights, Camera, Action Homework

Please choose five different activities to do.

Remember, we will be looking at content, research, presentation, handwriting, effort and what your homework can teach the rest of the class.

Homework is to be in school at the latest by:

*... after half term.*

Using what we have learned in our Still Life topic, create a visually interesting composition at home and sketch what you see.

Create some multi-step addition and subtraction problems for someone else to solve, then mark them.

Research and write a biography about someone who inspires you – they could be famous or someone you know!

Design your own task – check it out with me first!

Write a persuasive letter to the student council, detailing what equipment you would like to see on the playground and why – remember to use AFOREST!

Pick a line of latitude and use an atlas to make a list of the countries and other important features, such as mountain ranges or deserts, that the line of latitude passes through.
