

# Topaz Class

## NEWSLETTER

Summer 1 2026

Welcome back to the last term of this academic year.  
We are looking forward to engaging in lots of exciting learning during this half term.

### Science & History

- **Material Properties and Changes:** We will explore the physical properties of different materials and investigate how they can change through various processes.
- **Women in British History:** This term, we are studying a theme in British history that extends our chronological knowledge beyond 1066 by examining the significant impact women have had on Britain through time.

### Religious Education (RE)

- **The Church:** We are investigating the question, "Are all churches the same?"
- **Comparative Worship:** We will explore whether all places of worship are the same and if people worship God in the same way across different faiths.
- **World Religions:** Our studies will include an introduction to the beliefs and practices of **Hinduism, Islam, Judaism, and Sikhism**

**PE Athletics:** Pupils will be developing their skills in various athletic disciplines this half term.

### OUR CHRISTIAN VALUE IS ...

This half term, we are focusing on the Christian Value of Truthfulness, which at Warton St. Paul's means telling the truth in everything we say and do so our friends and teachers can trust us. We can demonstrate this vital value in several ways, including owning our mistakes by being honest when things go wrong instead of hiding them. It also involves being reliable, consistently doing what we say we will do. We show truthfulness by choosing honesty, which means not tricking others to get something that isn't ours, and by speaking with integrity, telling the truth even when it feels difficult or scary. This emphasis on honesty helps us build strong friendships and makes our school a happy and safe place.

### Homework

- Times tables Rockstar for a minimum of 10 minutes per day.

Daily reading.
