Friday Open Afternoon Share a story Parents Evening Parent's Picnic

CHRISTIAN VALUES	Respect "Show respect for all people. Love the brothers and sisters of God's family. Respect God. Honour the king" Peter 2:17	Thankfulness "Give thanks in all circumstance; for this is God's will for you in Christ Jesus." Thessalonians 5:18	Friendship "A friend loves you all the time. A brother is always there to help you." Proverbs 17:17	Forgiveness "The Son paid for our sins, and in him we have forgiveness" Colossians 1:14	Truthfulness "Then you will know the truth. And the truth will make you free." John 8:32	Courage "Be strong and brave. Don't be afraid of them. Don't be frightened. The Lord your God will go with you. He will not leave you or forget you." Deuteronomy 31:6
---------------------	--	--	---	--	--	---

BRITISH VALUES

Mutual respect

We are all unique.
We respect differences between different people and their beliefs in our community, in this country and all around the world.
All cultures are learned , respected, and celebrated.

Democracy

We all have the right to be listened to.
We respect everyone and we value their different ideas and opinions.
We have the opportunity to play with who we want to play with.
We listen with intrigue and value and respect the opinions of others.

Mutual Tolerance

Everyone is valued, all cultures are celebrated and we all share and respect the opinions of others.
Mutual tolerance of those with different faiths and beliefs and for those without faith.

Mutual respect

We are all unique.
We respect differences between different people and their beliefs in our community, in this country and all around the world.
All cultures are learned , respected, and celebrated.

Rule of law

We all know that we have rules at school that we must follow.
We know who to talk to if we do not feel safe.
We know right from wrong.
We recognise that we are accountable for our actions.
We must work together as a team when it is necessary.

Rule of law

We all know that we have rules at school that we must follow.
We know who to talk to if we do not feel safe.
We know right from wrong.
We recognise that we are accountable for our actions.
We must work together as a team when it is necessary.

Democracy

We all have the right to be listened to.
We respect everyone and we value their different ideas and opinions.
We have the opportunity to play with who we want to play with.
We listen with intrigue and value and respect the opinions of others.

Individual liberty

We all have the right to have our own views.
We are all respected as individuals.
We feel safe to have a go at new activities.
We understand and celebrate the fact that everyone is different.

MATHS	 Year 1 and 2 Progression					
SCIENCE	DURING YEARS 1 AND 2, PUPILS SHOULD BE TAUGHT TO USE THE FOLLOWING PRACTICAL SCIENTIFIC METHODS, PROCESSES AND SKILLS THROUGH THE TEACHING OF THE PROGRAMME OF STUDY CONTENT: ASKING SIMPLE QUESTIONS AND RECOGNISING THAT THEY CAN BE ANSWERED IN DIFFERENT WAYS OBSERVING CLOSELY, USING SIMPLE EQUIPMENT PERFORMING SIMPLE TESTS IDENTIFYING AND CLASSIFYING USING THEIR OBSERVATIONS AND IDEAS TO SUGGEST ANSWERS TO QUESTIONS GATHERING AND RECORDING DATA TO HELP IN ANSWERING QUESTIONS.					

	Animals including Humans Pupils should be taught to: - Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. In this unit children will: 1.Be able to name and label head, neck, arms, elbows, legs, knees, face, ears, eyes, hair, mouth, teeth. 2.Name the five senses and the body part they are associated with. 3.Use their senses to compare different textures, sounds and smells.	Seasonal Changes Pupils should be taught to: -Observe changes across the four seasons -Observe and describe weather associated with the seasons and how day length varies. In this unit children will: 1.Be able to identify the change of season from summer to autumn e.g. change in colour of leaves. 2.Be able to describe to talk about the length of each day. 3.Be able to recall the weather in Summer and Autumn.	Animals including Humans Pupils should be taught to: -Identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals -Identify and name a variety of common animals that are carnivores, herbivores and omnivores -Describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets). In this unit children will: 1.Be able to name some common fish, amphibians, reptiles, birds and mammals, including those	Everyday Materials Pupils should be taught to: -Distinguish between an object and the material from which it is made -Identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock -Describe the simple physical properties of a variety of everyday materials -Compare and group together a variety of everyday materials on the basis of their simple physical properties. In this unit children will: 1.Be able to name and identify a variety of everyday materials. wood, plastic, glass, metal, water, and rock, brick, paper, fabrics, elastic, foil. 2.Be able to use these words to identify properties such as: hard/soft; stretchy/stiff; shiny/dull;	Seasonal Changes Pupils should be taught to: -Observe changes across the four seasons -Observe and describe weather associated with the seasons and how day length varies. In this unit children will: 1.Be able to identify the change of season from Winter to Spring e.g. changes in animal behaviours. 2.Be able to describe to talk about the length of each day. 3.Be able to recall the weather in Winter and Spring.	Plants Pupils should be taught to: -Identify and name a variety of common wild and garden plants, including deciduous and evergreen trees -Identify and describe the basic structure of a variety of common flowering plants, including trees. In this unit children will: 1.Be able to name common flowers and examples of deciduous and evergreen trees. 2.Be able to label plant structures (including leaves, flowers (blossom), petals, fruit, roots, bulb, seed, trunk, branches, stem) and draw diagrams
--	--	--	---	--	--	--

			that are kept as pets. 2.Be able to sort some common animals into carnivores, herbivores and omnivores. 3.Be able to sort common animals into groups depending on their structure e.g. wings, legs	rough/smooth; bendy/not bendy; waterproof/not waterproof; absorbent/not absorbent; opaque/transparent. 3.Be able to group and sort materials by name or property. 4.Be able to perform simple tests to explore questions such as 'what is the best material for an umbrella?'		showing the parts of different plants including trees. 3.Be able to observe closely comparing and contrasting familiar plants 4.Be able to describe how they were able to identify and group plants.
--	--	--	---	--	--	---

GEOGRAPHY AND HISTORY	GEOGRAPHY – PUPILS SHOULD DEVELOP KNOWLEDGE ABOUT THE WORLD, THE UNITED KINGDOM AND THEIR LOCALITY. THEY SHOULD UNDERSTAND BASIC SUBJECT-SPECIFIC VOCABULARY RELATING TO HUMAN AND PHYSICAL GEOGRAPHY AND BEGIN TO USE GEOGRAPHICAL SKILLS, INCLUDING FIRST-HAND OBSERVATION, TO ENHANCE THEIR LOCATIONAL AWARENESS. HISTORY – PUPILS SHOULD DEVELOP AN AWARENESS OF THE PAST, USING COMMON WORDS AND PHRASES RELATING TO THE PASSING OF TIME. THEY SHOULD KNOW WHERE THE PEOPLE AND EVENTS THEY STUDY FIT WITHIN A CHRONOLOGICAL FRAMEWORK AND IDENTIFY SIMILARITIES AND DIFFERENCES BETWEEN WAYS OF LIFE IN DIFFERENT PERIODS. THEY SHOULD USE A WIDE VOCABULARY OF EVERYDAY HISTORICAL TERMS. THEY SHOULD ASK AND ANSWER QUESTIONS, CHOOSING AND USING PARTS OF STORIES AND OTHER SOURCES TO SHOW THAT THEY KNOW AND UNDERSTAND KEY FEATURES OF EVENTS. THEY SHOULD UNDERSTAND SOME OF THE WAYS IN WHICH WE FIND OUT ABOUT THE PAST AND IDENTIFY DIFFERENT WAYS IN WHICH IT IS REPRESENTED
-------------------------------------	---

	Geography - Human and Physical Geography Pupils should be taught: -Basic geographical vocabulary to refer to: -Key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather -Key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop - <i>The place where we live (Warton).</i> Geography: Geographical enquiry - teacher led enquiries to ask and respond to simple closed questions. Use information books/pictures as sources of information. Investigate their surroundings. Make observations about where things are. E.g within school or local area.	History Pupils should be taught about: -Changes within living memory – where appropriate, these should be used to reveal aspects of change in national life events beyond living memory that are significant nationally or globally - <i>Queen Elizabeth II's death and coronation of King Charles</i> History: Chronological understanding - sequence events in their life. Sequence 3 or 4 artefacts from distinct periods of time. Match objects to people of different ages. In this unit, pupils will be taught: 1 - Where do these events fit on our	History Pupils should be taught about: -The lives of significant individuals in the past who have contributed to national and international achievements, some should be used to compare aspects of life in different periods - <i>Recent space explorers - Artemis II, Tim Peake and other space explorers of significance from UK.</i> History: Range and depth of historical knowledge - recognise the difference between past and present in their own and other's lives. Know and recount events from stories about the	History Pupils should be taught about: -Significant historical events, people and places in their own locality - <i>The first flight and BAE History</i> History: Interpretation of history - Compare adults talking about the past - how reliable are their memories? Historical enquiry - find answers about the past from sources of information. E.g artefacts. Geography: Drawing maps - draw picture maps of imaginary places and from stories. Create maps using objects (messy maps) Representation - use own symbols on an imaginary map. In this unit, pupils will be taught: 1 - When the first aeroplane flight took	Geography - Locational Knowledge Pupils should be taught to: -name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas Geographical skills and fieldwork -use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage. Geography: Direction/ Location - follow directions (up/down, left/right, forwards/backwards) Start to learn the four compass points. Map knowledge - Begin to identify points on maps A,B and C. Recognise and find places previously learnt. In this unit, pupils will learn: 1 - How do we use maps to locate the four	Geography - Human and Physical Geography Pupils should be taught to: -Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles - <i>Plants and growth in different places in the world and seasonal changes</i> Geography: Style of maps - use large scale OS maps. Begin to use map sites on the internet. Begin to use junior atlases. Begin to identify features on aerial/oblique photographs.
--	--	---	--	---	--	---

	Using maps - Use a simple picture map to move around the school. Recognise that is it about a place. Look at street maps of known places. Drawing maps - attempt simple maps of school with support. Scale/Distance - use relative vocabulary (e.g bigger/smaller) In this unit, pupils will be taught: 1 - To know the difference between a village, town and city. 2 - Locate their local area on a map of the UK. 3 - To use a variety of sources, including maps, to explore the local area. 4 - To draw a map of places they visit in Warton.	timeline? 2 - Why were these events significant? 3 - How can we find out about them? 4 - Why was the coronation such a long time after the death of Queen Elizabeth II? 5 -Who was involved? Where did it take place? 6 - Did things change as a result of these events?	past. History: Interpretation of history - Use stories to encourage children to distinguish between fact and fiction. In this unit, pupils will be taught: 1 - Where does this event fit on our timeline? 2- How do we know these events really happened? How can we find out about it? Who was involved? Where did it take place? 3 - Why was this event significant? Did things change as a result of this event? 4 - What differences can you identify between recent and past space exploration?	place (key dates). 2- How it fit in with what was going on in the World at that point in history. 3 - Who were the Wright brothers? 4 - Why was it a huge achievement to succeed in creating the first flight? 5 - How the Wright brothers changed flight and how this impacts on what we do today 6 - Why is Warton such an important place in history for flight?	countries of the UK, their capital cities and the main seas that surround the UK? 2 - What is an address and postcode and why are they important? 3 - How do we use a local map to find the streets around the school? 4 - What do the road signs tell us? 5 - What do I know about the nearest town or city to where I live?	In this unit, pupils will learn: 1 - Where there are hot and cold places in the world. 2 - Countries are hotter closer to the equator and cold places are closer to the North and South Pole. 3- Weather in the UK changes due to the seasons. 4 - The weather at the poles and the equator is different to our country. 5 - Different animals and plants live in hot and cold countries because of their climate. 6 - Hot and cold places have different physical and human features.
--	---	--	--	---	--	---

			5 - How have space explorers influenced life today?			
--	--	--	---	--	--	--

MUSIC	KEY STAGE 1 PUPILS SHOULD BE TAUGHT TO: USE THEIR VOICES EXPRESSIVELY AND CREATIVELY BY SINGING SONGS AND SPEAKING CHANTS AND RHYMES, PLAY TUNED AND UNTUNED INSTRUMENTS MUSICALLY, LISTEN WITH CONCENTRATION AND UNDERSTANDING TO A RANGE OF HIGH-QUALITY LIVE AND RECORDED MUSIC EXPERIMENT WITH CREATE, SELECT AND COMBINE SOUNDS USING THE INTER-RELATED DIMENSIONS OF MUSIC.
	<u>Hullabaloo Scheme of work</u> <u>WHOLE-SCHOOL-SATELLITE-VIEW-1.pdf</u>

ART AND DESIGN TECHNOLOGY <i>Children to produce a piece of artwork each half term to be displayed for 'Celebration wall' for school / parents to show how drawings have developed - lots of links to Fine Motor Skills. Children to explain their work to others.</i>	Art and Design Drawing Pupils should be taught: -About the work of a range of artists -To use drawing to develop and share ideas, experience and imagination. -To develop a wide range of art and design techniques in using line, shape and space <i>Abstract self portraits in the style of Picasso</i> Drawing - Explore tone using different grades of pencil, chalk and pastel. Observe and draw shapes. Evaluating - Identify how their own/others work makes them feel. In this unit children will: 1.Explore the work of Picasso and identify artistic styles used e.g. drawing lines and shapes. 2. Use the work of Picasso to experiment with different artistic styles. 3.Create a self portrait inspired by the work of	Design and Technology Castle Building Design -Generate, develop, model and communicate their ideas through talking, drawing, templates, mock-ups and, where appropriate, information and communication technology Make -Select from and use a range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing] -Select from and use a wide range of materials and components, including construction materials according to their characteristics Technical knowledge -Build structures, exploring how they can be made stronger, stiffer and more stable <i>Designs of castles and buildings.</i> Developing ideas - Draw on their own experience to help generate ideas.	Art and Design Sculpture Pupils should be taught: -About the range of designers, describing the difference and similarities between different practices and disciplines, and making lines to their own work. <i>Explore the work of Michelle Reader and create an animal sculpture.</i> 3D work - Compares and recreates form and shape using basic materials. Evaluating - Identify how their own/others work makes them feel. In this unit children will: 1.Explore the artwork of Michelle Reader and say what they like about it. 2.Use the work of Michelle Reader to plan and design a sculpture. 3.Create an animal sculpture using clay and recycled materials.	Design and Technology Food and Nutrition Pupils should be taught to: -Use the basic principles of a healthy and varied diet to prepare dishes -Understand where food comes from. <i>Create a simple fruit salad or kebab.</i> Working with tools - Select and use appropriate fruit and vegetables, processes and tools Use basic food handling, hygienic practices and personal hygiene Developing ideas - Develop their design ideas applying findings from their earlier research. In this unit children will: 1.Explore where food comes from to select fruit for kebab or salad. 2.Be able to explain basic food hygiene practices. 3.Design and make a fruit kebab or salad.	Design and Technology Moving Pictures Technical knowledge -Explore and use mechanisms, for example, levers, sliders, in their products. <i>Create a moving picture to represent the first flight.</i> Working with tools - Make their design using appropriate technique. With help measure, mark out, cut and shape a range of materials. Use tools e.g. scissors and a hole punch safely Assemble, join and combine materials and components together using a variety of temporary methods e.g. glues or masking tape Use simple finishing techniques to improve the appearance of their product In this unit children will: 1.Explore levers and sliders in moving picture books and discuss how they work. 2.Create prototypes of	Art and Design Collage, painting and textures Pupils should be taught: -To use painting to develop and share their ideas, experiences and imagination. -To develop a wide range of art and design techniques in using colour, pattern and texture. <i>Building a layered landscape using collage, painting and textures.</i> Painting - Creates patterns using different tools and colours. Can mix colours to create new ones. Colour - Identify primary colours by name. Begin to mix Primary shades and tones. Collage - Develops skills of overlapping and overlaying. Textiles - Stitches and cuts, threads and fibres. In this unit children will: 1.Explore mixing colours to create different shades.
--	--	---	---	---	---	---

	Picasso.	Suggest ideas and explain what they are going to do. Identify a target group for what they intend to design and make. Model their ideas in card and paper. <i>Evaluating</i> - Evaluate their product by discussing how well it works in relation to the purpose. Evaluate their products as they are developed, identifying strengths and possible changes they might make. Evaluate their product by asking questions about what they have made and how they have gone about it In this unit children will: 1.Research different styles of castles and label the key parts. 2.Design a castle using their research and exploring the materials that will be needed to make the structure stable. 3.Build a castle following the plan they have made.			different levers and sliders and decide which one is the most effective. 3.Design and create a moving picture using a lever or a slider.	2.Practice using overlapping and overlaying in collage. 3. Explore using textiles to create texture. 4. Create a layered landscape picture using colour mixing, collage and textures.
--	-----------------	--	--	--	---	---

COMPUTING	KEY STAGE 1 PUPILS SHOULD BE TAUGHT TO: UNDERSTAND WHAT ALGORITHMS ARE; HOW THEY ARE IMPLEMENTED AS PROGRAMS ON DIGITAL DEVICES; AND THAT PROGRAMS EXECUTE BY FOLLOWING PRECISE AND UNAMBIGUOUS INSTRUCTIONS. CREATE AND DEBUG SIMPLE PROGRAMS. USE LOGICAL REASONING TO PREDICT THE BEHAVIOUR OF SIMPLE PROGRAMS. USE TECHNOLOGY PURPOSEFULLY TO CREATE, ORGANISE, STORE, MANIPULATE AND RETRIEVE DIGITAL CONTENT. RECOGNISE COMMON USES OF INFORMATION TECHNOLOGY BEYOND SCHOOL. USE TECHNOLOGY SAFELY AND RESPECTFULLY, KEEPING PERSONAL INFORMATION PRIVATE; IDENTIFY WHERE TO GO FOR HELP AND SUPPORT WHEN THEY HAVE CONCERNS ABOUT CONTENT OR CONTACT ON THE INTERNET OR OTHER ONLINE TECHNOLOGIES.  purplemash.com/app/schemes_of_work/computing_schemes_of_work/computing_sow_unit_c... (Follow Year 2 Strand)
PHYSICAL EDUCATION	PUPILS SHOULD BE TAUGHT TO: MASTER BASIC MOVEMENTS INCLUDING RUNNING, JUMPING, THROWING AND CATCHING, AS WELL AS DEVELOPING BALANCE, AGILITY AND CO-ORDINATION, AND BEGIN TO APPLY THESE IN A RANGE OF ACTIVITIES. PARTICIPATE IN TEAM GAMES, DEVELOPING SIMPLE TACTICS FOR ATTACKING AND DEFENDING. PERFORM DANCES USING SIMPLE MOVEMENT PATTERNS.

	Year 1 FMS Baseline Unit - Lost and Found Games Perform fundamental movement skills at a developing level in: Travelling skills. Sending skills. Receiving skills. In this unit children will: Be assessed against the Fundamental Movement skills baseline document.	Year 1 Dance - Toy Story Dance Perform fundamental movement skills at a developing level. Perform basic body actions with control and show some sense of dynamic, expressive and rhythmic qualities in their own dance. In this unit children will: 1.Perform basic body movements. 2.Choose appropriate movements for different dance ideas. 3.Remember and repeat short dance phrases and simple dances. 4.Move with control.	Year 1 Gymnastics activities 1 Gymnastics Perform fundamental movement skills at a developing level in: Travelling skills. Perform body actions with some control and coordination. In this unit children will: 1.Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities 2.Perform dances using simple movement patterns	Year 1 FMS Bouncing and Catching Games Perform fundamental movement skills at a developing level in: Travelling skills. Sending skills. Receiving skills. In this unit children will: 1.Track balls and other equipment sent to them, moving in line with the ball to collect it. 2.Bounce a ball in a variety of ways, depending on the needs of the game.	Year 1 FMS Overarm Throwing Games Perform fundamental movement skills at a developing level. In this unit children will: 1. Use overarm skills when throwing. 2.Track balls and other equipment sent to them, moving in line with the ball to collect it.	Year 1 FMS Athletics Athletics Perform fundamental movement skills at a developing level. In this unit children will: 1.Run at fast and slow speeds, changing direction. 2.Link running and jumping activities with some fluency, control and consistency. 3.Make up and repeat a short sequence of linked jumps. 4.Take part in a relay activity. 5.Throw a variety of objects, changing their action for distance. 6.Recognise when their heart rate and temperature have changed.
--	--	--	--	--	--	---

RELIGIOUS EDUCATION	TAKEN FROM RE SYLLABUS FOR CHURCH SCHOOLS WRITTEN BY BLACKBURN DIOCESE.
---------------------	---

	1.1 Why is saying thank you so important? <u>Progressive Study</u> Christianity Hindu Dharma <u>Encounter</u> Judaism Non-religious World Views	1.3 Why do many people give and receive gifts at Christmas? <u>Progressive Study</u> Christianity <u>Encounter</u> Non-religious World Views	1.4 What made Jesus special? <u>Progressive Study</u> Christianity	1.5 Why do Christians believe Easter is a new beginning? <u>Progressive Study</u> Christianity <u>Encounter</u> Non-religious World Views	1.7 How do families welcome new babies? <u>Progressive Study</u> Christianity Hindu Dharma Islam <u>Encounter</u> Humanism	
	Which stories are special and why? Rosh Hashanah Yom Kippur Sukkot All Saints Day	Which people are special and why? Diwali Hannukah Christmas	What places are special and why? Epiphany Ash Wednesday / Shrove Tuesday St David's Day Shivaratri	What times are special and why? Holi Palm Sunday Passover Easter Start of Ramadan	Being special: where do we belong? Eid Shavuot	What is special about our world? Summer Solstice

END OF THE YEAR EXPECTATIONS FOR YEAR TWO

READING	WRITING	MATHS	SCIENCE
---------	---------	-------	---------

Year 2 Teacher Assessment Framework Expected Standard The pupil can: • read accurately most words of two or more syllables • read most words containing common suffixes • read most common exception words In age-appropriate books, the pupil can: • read most words accurately without overt sounding and blending, and sufficiently fluently to allow them to focus on their understanding rather than on decoding individual words • sound out most unfamiliar words accurately, without undue hesitation. In a book that they can already read fluently, the pupil can: • check it makes sense to them, correcting any inaccurate reading • answer questions and make some inferences • explain what has happened so far in what they have read.	Year 2 Teacher Assessment Framework Expected Standard The pupil can, after discussion with the teacher: • write simple, coherent narratives about personal experiences and those of others (real or fictional) • write about real events, recording these simply and clearly • demarcate most sentences in their writing with capital letters and full stops, and use question marks correctly when required • use present and past tense mostly correctly and consistently • use co-ordination (e.g. or / and / but) and some subordination (e.g. when / if / that /because) to join clauses • segment spoken words into phonemes and represent these by graphemes, spelling many of these words correctly and making phonetically-plausible attempts at others • spell many common exception words • form capital letters and digits of the correct size, orientation and relationship to one another and to lower-case letters • use spacing between words that reflects the size of the letters.	Year 2 Teacher Assessment Framework Expected Standard The pupil can: • read scales* in divisions of ones, twos, fives and tens • partition any two-digit number into different combinations of tens and ones, explaining their thinking verbally, in pictures or using apparatus • add and subtract any 2 two-digit numbers using an efficient strategy, explaining their method verbally, in pictures or using apparatus (e.g. $48 + 35$; $72 - 17$) • recall all number bonds to and within 10 and use these to reason with and calculate bonds to and within 20, recognising other associated additive relationships (e.g. If $7 + 3 = 10$, then $17 + 3 = 20$; if $7 - 3 = 4$, then $17 - 3 = 14$; leading to if $14 + 3 = 17$, then $3 + 14 = 17$, $17 - 14 = 3$ and $17 - 3 = 14$) • recall multiplication and division facts for 2, 5 and 10 and use them to solve simple problems, demonstrating an understanding of commutativity as necessary • identify $1/4, 1/3, 1/2, 2/4, 3/4$, of a number or shape, and know that all parts must be equal parts of the whole • use different coins to make the same amount • read the time on a clock to the nearest 15 minutes • name and describe properties of 2-D and 3-D shapes, including number of sides, vertices, edges, faces and lines of symmetry.	Year 2 Teacher Assessment Framework Expected Standard Working scientifically The pupil can, using appropriate scientific language from the national curriculum: • ask their own questions about what they notice • use different types of scientific enquiry to gather and record data, using simple equipment where appropriate, to answer questions: - observing changes over time, noticing patterns, grouping and classifying things, carrying out simple comparative tests, finding things out using secondary sources of information • communicate their ideas, what they do and what they find out in a variety of ways. Science content The pupil can: • name and locate parts of the human body, including those related to the senses [year 1], and describe the importance of exercise, a balanced diet and hygiene for humans [year 2] • describe the basic needs of animals for survival and the main changes as young animals, including humans, grow into adults [year 2] • describe the basic needs of plants for survival and the impact of changing these and the main changes as seeds and bulbs grow into mature plants [year 2] • identify whether things are alive, dead or have never lived [year 2] • describe and compare the observable features of animals from a range of groups [year 1] • group animals according to what they eat
--	--	---	---

			[year 1], describe how animals get their food from other animals and/or from plants, and use simple food chains to describe these relationships [year 2] • describe seasonal changes [year 1] • name different plants and animals and describe how they are suited to different habitats [year 2] • distinguish objects from materials, describe their properties, identify and group everyday materials [year 1] and compare their suitability for different uses [year 2].
--	--	--	---
