

# Opal Class Home Learning Activities

## Autumn Two

Below are some activities that will support some of the learning we are doing in school this half term. There is no expectation that these tasks are recorded or brought back into school. However, if you want to send pictures, objects or comments into school for us to share with the other children then we will be pleased to receive them.

### Celebrations

|   |   |  |
|---|---|--|
| <p>At home can you talk about the things that you celebrate. How do you celebrate them? What family traditions do you have?</p>   | <p>Read your school reading book each night. Sound out each word using the letter sounds and put them back together to read. Talk about the pictures, the characters and what happens in the story.</p>  | <p>Have a go at writing labels for things around the house. You could write the first letter in the word, or try breaking up the word into letter sounds to write it.</p>     |
| <p>We are learning about adding and taking away. Can you count the shoes in the cupboard and then add one more? Can you count the biscuits on the plate, eat one and say how many are left?</p>  | <p>We are learning about the Nativity story in class, when Jesus was born. Do you have any baby pictures? What were you like as a baby? Where were you born?</p>                                       | <p>We are learning about Bonfire Night and Diwali, the festival of light! Can you make a colourful picture? Can you add different textures or use different materials?</p>  |
