

Have a go at as many of the activities as you can. Bring any drawings, writing, photographs or comments, anytime during the half term, into school and we will display them in the children's area in class. We will use them as a discussion point during some carpet sessions so any input would be greatly appreciated.

Miss Yates

<p>Read your school reading book every night, share a story before bed or have a look at an ebook on Bug Club.</p> 	<p>In RE we are learning about Special People and People Who Help Us. Who is special to you? Why are they special? Who helps you? Think about people who help you when you are out and about as well. Draw a picture of a person who is special to you or who helps you, write their name or their job. Bring it to school to add to our display.</p>	<p>We are starting to look at numbers to 20 and beyond in Maths. Can you count to 20, or past 20? Practise writing numbers from 10 to 20 and drawing the correct amount of objects. Write the numbers to 20 and put them in order.</p> 
<p>Use your Phase 2 and 3 sound mats to practise recognising, writing and spelling with the letter sounds that you know. Fun ways to practise; letter sound or tricky word Bingo, letter sound hunt around your house, letter sound or tricky word snap.</p>	<p>Opal Class Summer Term Pick and Mix Homework Activities</p>	<p>Last half term we learnt about 3D shapes all around us. Can you find any of the 3D shapes in your house? Do you have a tin of beans that are a cylinder shape? Do you have a box of tissues like a cuboid? Is there a football, like a sphere in your garden?</p>
<p>We will be reading lots of Traditional Tales this half term - Little Red Riding Hood, The Gingerbread Man, The Enormous Turnip, Three Little Pigs, Three Billy Goats Gruff and many more! Share some of the stories at home and decide which one is your favourite. Draw a picture and write a sentence about it to bring to school for our display.</p>	<p>In Forest School we will be looking for signs of new life - plants and creatures. When you are outside in the garden or on a walk look for signs of new life like buds on a tree, or baby animals. Take a photograph of them to bring to school and share with everyone.</p> 	<p>We have been working really hard with our writing for the past half term at school. Now we need lots of practise to become more confident with it! Can you help to write the shopping list? Don't forget to use your robot arms to break up the word, count the sounds and write them.</p>
