Tuesday 22nd September 2020

Dear Parents and Carers,

As we are embarking on new local lockdown restrictions it is really important that we as a school are encouraging and supporting these precautions.

After today if you are collecting or dropping off a child, and you are coming onto the school site, please could we ask all adults to wear a face mask. I would also like to remind you about social distancing and not grouping together with other families. As the new local restrictions do not allow households mixing outside this is to be adhered to on our school playground. There should only be one adult per family entering the school site, this will hopefully limit the amount of people on the playground. Also can I ask that nobody congregates on the benches outside the classrooms and that all adults wait at the back of the playground near the field so the children aren't walking through lots of parents and families.

My main priority is the duty of care to the children and staff at school. I feel these new measures will ensure we have taken all the relevant measures to keep all our families and community safe.

Thank you for your continued support,

Mrs Laura Dean
