Weekly Newsletter

Friday 29th January 2021

We hope this newsletter finds all our families well. The children have been involved in some exciting activities and learning this week. From the Antarctica to the Stone Age... from learning about numbers and how to add them to being able to explain how to solve percentages! The children and adults should be so proud of what they have all achieved. Thank you to all the parents/carers who have completed our Remote Learning Survey ... your feedback is so important as we strive to provide quality education.

Have a lovely weekend!

Stay safe, Mrs Dean

Well done to you all!

Alex, Eleanor, Jake and Rebecca

[Thinkyouknow](#) (advice from the National Crime Agency to stay safe online)

[Internet matters](#) provides age-specific online safety checklists, guides on how to set parental control on a range of devices, and a host of practical tips to help children get the most out of their digital world

<https://parentzone.org.uk/advice/parent-guides> Parent guides for the apps and services your child may have access to.

A child's view of Lockdown 3.0

I've been feeling bit spacey this week. We had a lesson on the phases of the moon. Even though I studied these on the first lockdown and was confident it was enjoyable to go over this subject with Miss Dufour and my class.

Our work in English has been so much fun. We have been working on genres, specifically Science Fiction. I am a big fan of Sci-Fi and excited to talk about it. I'm really looking forward to doing my own Sci-Fi story.

I've also created a Space Quiz this week for some extra spaciness.

I have noticed that attendance in class has been good this week and that some people who had been quiet are now getting more involved with the lessons. This is good as it brings more energy to the lessons.

We have also looked at stereotypes this week and why they can be a problem. I like people who break stereotypes and I love to break them myself.

I also made a volcano out of plasticine, did lots of maths (yay!) and wrote about a burning bush.

So it has been a good week, in fact it was out of this world!

This half term's Gospel Value is ...

At this difficult time we are keeping all our families in our community in our thoughts and prayers.
Stay safe
