

Who are Malachi?

We help children through tough times they might face at school and at home.

We do this in lots of ways:

- ▶ We have fun workshops in class with important messages such as how to cope with bullies.
- ▶ If you are having family difficulties we help you as a parent or carer to understand what is going wrong and how we can put your life back on track.
- ▶ We give you practical support and advice whenever you need it.

What can we do for you?

We support children and their parents or carers who are going through...

- ▶ Family difficulties
- ▶ Challenging behaviour from children
- ▶ The hard job of being a parent
- ▶ Practical problems

If you recognise any of these situations in your own family then we can help you to get through them.

Why you can trust us

We are well-trained and have professional qualifications but that doesn't stop us being friendly and down to earth.

"From the first meeting with Malachi I felt comfortable..."

We help you see how you can choose a good future for you and your children.

"I was in a mist. Then there was Malachi."

We believe in you.

"I have proved I can do things."
