Dear Parents and Carers,

Questionnaire

As part of our on-going school self-review activities, we want once again to engage with and consult more with parents regarding the school and the pupils and get parents to contribute to school development.

With this in mind we are sending out a parent questionnaire for you to complete and return to school. Once we have them all back we will analyse the results and let you know the outcome and how we are going to address any issues raised. The results will also be published online on our school website.

Your name is not required on the questionnaire, so please do not put it on. All information gathered will be treated with the strictest of confidence.

This will be a useful exercise for the school and we receive so much positive feedback about our school from parents we want to now capture this in a collaborative way,

I do hope you are able to support this and look forward to your response and thank you for your support. Please return the questionnaire in the envelope provided.

Regards

Mrs J Knowles
Head Teacher
