

WC 1st March

- What plants need to grow and how they vary.
- Experiment?
- Art -Body of bee
- ICT—word skills

WC 8th March

- How water is transported through plants—investigation
- Art—Whole body of bee
- ICT—coding lesson 1—Getting started—understanding concept of coding

W/C 22nd Feb

- Cold task
- Parts of a plant
- Functions of each part of plant
- Art—Leg of bee
- ICT—word skills

WC 15th March

- Life cycle of flower
- Writing a non-chronological report
- Book creator? (ICT)
- ICT—coding lesson 2—you can order it—introduction to sequencing
- Art—whole body of bee

VOCABULARY

Functions, roots, stem/trunk, leaves, flowers, life, growth, air, light, water, nutrients, life cycle, pollination, seed formation, seed dispersal

Spring 2 2021

Year 3

Plants

WC 29th March

- Recap/quiz based on knowledge learnt this topic.
- Hot task
- ICT—coding lesson 4—build sequences and understand orders

WC 22nd March

- Pollination, seed dispersal and seed formation and how these link to bees
- ICT—coding lesson 3, constructing simple sequences
