

## PERSONAL DEVELOPMENT NEWS

Nothing but the best

1st December 23

This week has been another successful week at Wellfield Academy as we enter the month of December. The week started with an optional drop in with NEST to follow up on students from last week who wanted more information or support, the assemblies have been led by one of our tutor groups and we have had PSHCE day 2.

### THIS WEEK'S ASSEMBLY: C-NCA RAISING MONEY FOR RSPCA

As the focus of their **community** project, Mrs Cadman's tutor group are raising awareness and funds for a charity of their choice which is the RSPCA. This week they led the three house assemblies educating others on the work of the RSPCA and promoting their fun lunch that will be taking place on Friday 8th December. During this lunch they have a range of activities for students to have a go at with a small donation for each. All funds raised will go to the RSPCA.

The assembly was very interesting and informative and most importantly lots of it was delivered by the students themselves. Presenting in front of a whole house can be very daunting, so it took lots of courage and confidence to do that and those students who presented should be very proud, but also the whole form working together on a project they are very passionate about is wonderful to see. Well done C-NCA, I am sure the RSPCA will really appreciate the efforts you are going to and I am sure all students are looking forward to supporting the fun lunch.

### PSHCE DAY 2-30TH NOVEMBER

The second PSHCE day took place this week. We value the personal development of students in this school and spending the day focussing on key areas is always positive. Letters were sent home before the day about topics covered, so please do use this to continue those valuable conversations at home. Students with the most achievement points on the day, recieved a "Star of the Day" certificate.
