

PERSONAL DEVELOPMENT NEWS

Nothing but the best

12th January 2024

It has been lovely to welcome back students to Wellfield Academy in the year 2024! Our current year 11 will complete their final exams this year and be fondly referred to as the class of 2024. For them, this year will be the most important of their education so far. For the whole school community, 2024 will no doubt be another in which they progress both academically and develop as a person. We look forward to continuing to share with you all of our efforts to support their personal development.

THIS WEEK'S THEME: INDIVIDUAL LIBERTY

Aspirational

Inclusive

Individual Liberty is one of the fundamental British Values and is the right to believe, act and express oneself freely. It is the protection of your rights and the rights of others.

During assemblies this week Mr West has delivered messages about individual liberty and also linked this to the Labour Market Information. Labour Market Information (LMI) is information about what is happening in a local labour market. LMI tends to focus on the industries that are growing and declining. It provides information about the types and levels of jobs and the skills required and whether they are increasing or decreasing. It is important that students understand the career opportunities available to them in their local area and know that they are very fortunate to have the individual liberty to choose any path they **aspire** to achieve.

CONTINUAL IMPROVEMENT

This week students have in tutor time completed questionnaires to establish their understanding of Careers education, so we can reflect and continue to improve. Likewise, a google form has been sent to all reviewing the tutor program which is large part of their personal development experience within school. Student voice is important to us so we can continually improve and raise standards and we encourage students to use this opportunity.

Thank You

Thankyou to the year 8 parents who engaged with the online parents evening this week. As always we enjoyed the opportunity to praise students and give feedback on how they can strive to improve and progress even more.
