

PERSONAL DEVELOPMENT NEWS

Nothing but the best

17th March 23

Welcome to the this week's edition which focusses on British Science Week. The theme this year is "Connections". There are examples of connections everywhere, whether that be in our bodies, in our gadgets or in the world around us.

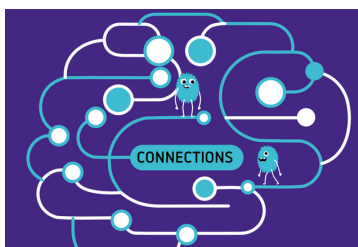

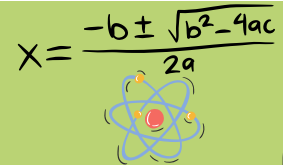

The main purpose of this newsletter is to continue to improve **connections** between home and school for the students of Wellfield Academy. We hope that you are finding it useful but welcome your feedback. Please could you complete this very short survey to let us know your **opinion** about the newsletter.

THIS WEEK'S BIG EVENT: BRITISH SCIENCE WEEK

Students in each year group with the highest achievement points in Science and Maths had hot chocolate with SLT this morning.

Throughout this British Science week the theme has been focussed on STEM subjects (Science, Technology, Engineering and Maths). The assembly has been led by **Mr Kelly Subject Lead for Science** explaining this year's theme of "Connections". The weekly reading task was organised by **Mr Evans Subject Lead for Maths**, exploring further the connection between Science and Maths by analysing a piece of text entitled "The Dangerous Ratio". A poster competition has also taken place, well done to all of those who entered, the deadline for entry is Friday the 24th March.

Ramadan begins next week and some of our Muslim students will be fasting. In February we also reflected on the start of Lent and some students chose to give things up or start new promises. The students of Wellfield are encouraged to be accepting of and appreciate the diverse beliefs within our school community.

Important upcoming events

Tonight- Comic Relief- we would encourage students to watch or get involved.

Theme w/c 20th March- International Day of Happiness

Wednesday 22nd March- PSHCE Day 4 (Lots of reflection about this in the next edition!)
