

PERSONAL DEVELOPMENT NEWS

Nothing but the best

10th March 23

Welcome to the second edition of our new weekly personal development newsletter, this week the theme has been based on **National Careers week** and we have had lots of events taking place. Students who engaged really well were invited to have hot chocolate with a member of SLT this morning.

Last week's edition reminded parents of the importance of having access to **ClassCharts** and **checking it regularly**. Parents who have not logged on recently have been sent their code via email. Some parents have reached out for additional guidance accessing it, please do email enquiries if you need some help and someone will be happy to call and talk you through this.

THIS WEEK'S BIG EVENT: NATIONAL CAREERS WEEK

#NCW2023 06-11
MAR 23

Throughout the week students have had lots of opportunities to engage with different activities based around careers and aspirations. During **tutor time** they have participated in a **virtual careers fair**, had an **assembly** about Careers delivered by their House Progress Lead (HPL), **researched the companies attending the careers fair** on PHSCE Day 4 and formulated questions to ask. During the weekly tutor reading activity the focus has been on Women ambitious in their career, to **celebrate International Women's Day 2023** which was on the 8th of March.

At lunch times there has been a **career pong game** and **daily webinars** about specific careers which are also available on ClassCharts. Students have loved reading **clues** around school about careers their teachers would have pursued had they not become teachers. It would be great for parents to also discuss at home the careers you have been interested in throughout your life and what your dream job would be!

International Women's Day

"Our aspiration's are our possibilities"

Every Tuesday for the next term we will have a "we are with you" worker in school, who is able to give drugs and alcohol support. Students can request to drop in and speak, if they need support due to drug or alcohol use themselves, or are impacted by the use of someone they know. If you think your son/daughter would benefit from this, please ask them to speak to their PBM.

Important upcoming events

Theme w/c 6th March: British Science week

22nd March- PSHCE Day 4
