HOW DOES A T LEVEL WORK?

80% classroom learning

Core curriculum

- Learn concepts, theories and principles of general subject
- Assessed through an external examination and a substantial project

Specialism

- Opportunity to specialise within chosen course
- Develop knowledge and skills needed for a job in that area
- At least half of the classroom time

English and maths

- If not achieved, work towards these qualifications

20% industry placement

Industry placement

- Spend at least 20% of the course on placement
- With a real employer
- Generally unpaid, but travel and subsistence costs may be available

INDUSTRY PLACEMENT

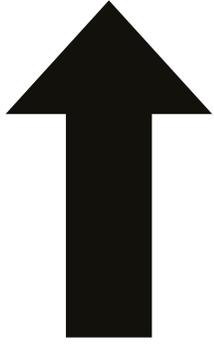

- Minimum of 9 weeks on placement

Benefits

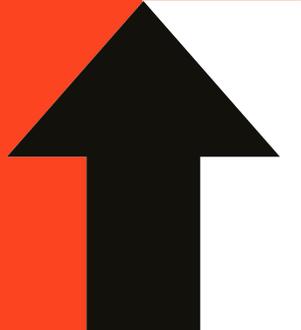

- Put skills and knowledge into practice
- Try out a career
- Grow your confidence
- Learn transferable skills such as team-working and communication
- Improve employability

TL

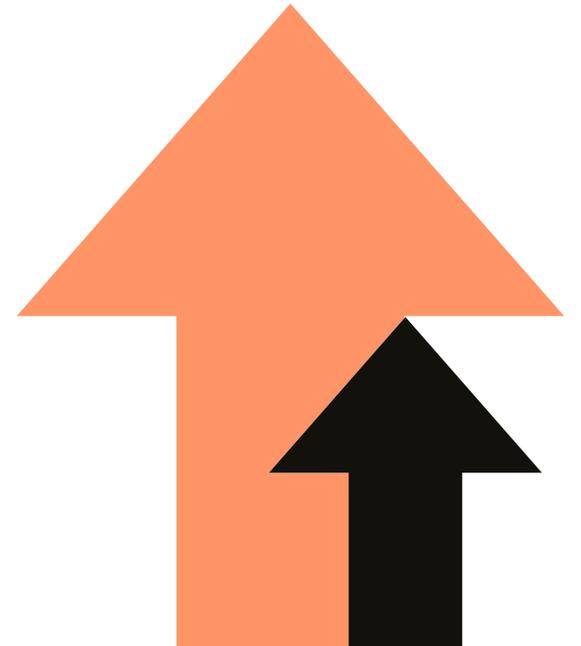

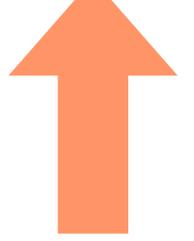

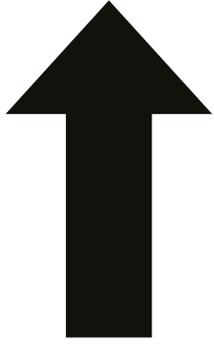

***“I AM HONESTLY
VERY EXCITED TO GET
A MIX OF CLASSROOM
EDUCATION AS WELL
AS WORK EXPERIENCE,
I THINK IT WILL REALLY
BOOST MY CV AND
INTRODUCE ME TO
SOME NEW LIFE
SKILLS AS WELL.”***
