MUHAMMAD ALI 1942-...

Muhammed Ali, arguably the greatest boxer in the history of the sport. He was born in 1942, in Louisville, Kentucky in the United States. He was named after his father, Cassius Clay, Sr., who was named for the 19th century abolitionist and politician Cassius Clay. He changed it to Muhammed Ali in 1964. He became a boxer at the age of 12. As an amateur boxer he won many titles, culminating in the Light Heavyweight gold medal in the 1960 Olympics in Rome, Italy. When Ali returned home to the states, he was so proud that he wore the medal around his neck wherever he went. After a week, he went to a café and ordered a drink. The waiter said "I'm sorry, we don't serve coloured people". Ali was so incensed by this! He had represented his country, won the gold medal, and come back to this kind of treatment. Muhammed Ali ripped from his neck and threw it into a river. Ali turned professional at the age of 18. Ali's record was 100 wins, 5 losses when he ended his amateur career.

Ali became the World Champ at the age of 22. Clay was famed for his unorthodox fighting style. Rather than match his opponents with brute force, Clay brought tactics and strategy into the ring. With his fast-moving style, he was equally adept at dodging a punch as at delivering one. His fancy footwork soon became known as the 'Ali shuffle'. Ali also fought a great psychological game, often beating fighters before they stepped foot in the ring. It was in the pre-fight build up to his first world-title fight with sonny liston that Ali famously said "I will float like a butterfly and sting like a bee".

In 1967, when Ali refused on religious grounds to be drafted into the US army to fight in Vietnam, he was stripped of his title and banned from boxing., two decisions he successfully overturned in court. This he achieved by defending himself brilliantly without a lawyer.

In 1971, Ali lost the title to Joe Frazier. Ali went on to win it back and then fought in two of the most famous fights in the history of boxing; The Rumble in the Jungle, versus George Forman and The Thrilla in Manilla, again versus Joe Frazier. Ali is the only boxer to have held the World title on 3 separate occasions. Ali retired from professional boxing in 1981, at the age of 39, with a career record of 56 wins and 5 losses, and as a three-time World Heavyweight Boxing Champion. Throughout his boxing career Ali was won over 50 million \$. Muhammed Ali became a Muslim around the age of 22, and a member of a group known as the Nation of Islam (or the Black Muslims) and was inspired by the teachings of Malcolm X. Muhammad Ali has been married 4 times, and has had nine children. There have been many films made of his life, most recently with Will Smith in the title role. Ali was awarded the coveted title of 'Sportsman of the Century' by the BBC in 1999. Although suffering from parkinsons disease, Ali still makes many public appearances. He refuses to allow his disability to beat him. He travels around the world doing great work for charity.

Strategies for revision: Cue cards

- Each card should be on one key idea or concept
- The key information **only** should be summarised on one side
- On the back, put key words and possible exam questions on this concept
- Colour code the cards into themes

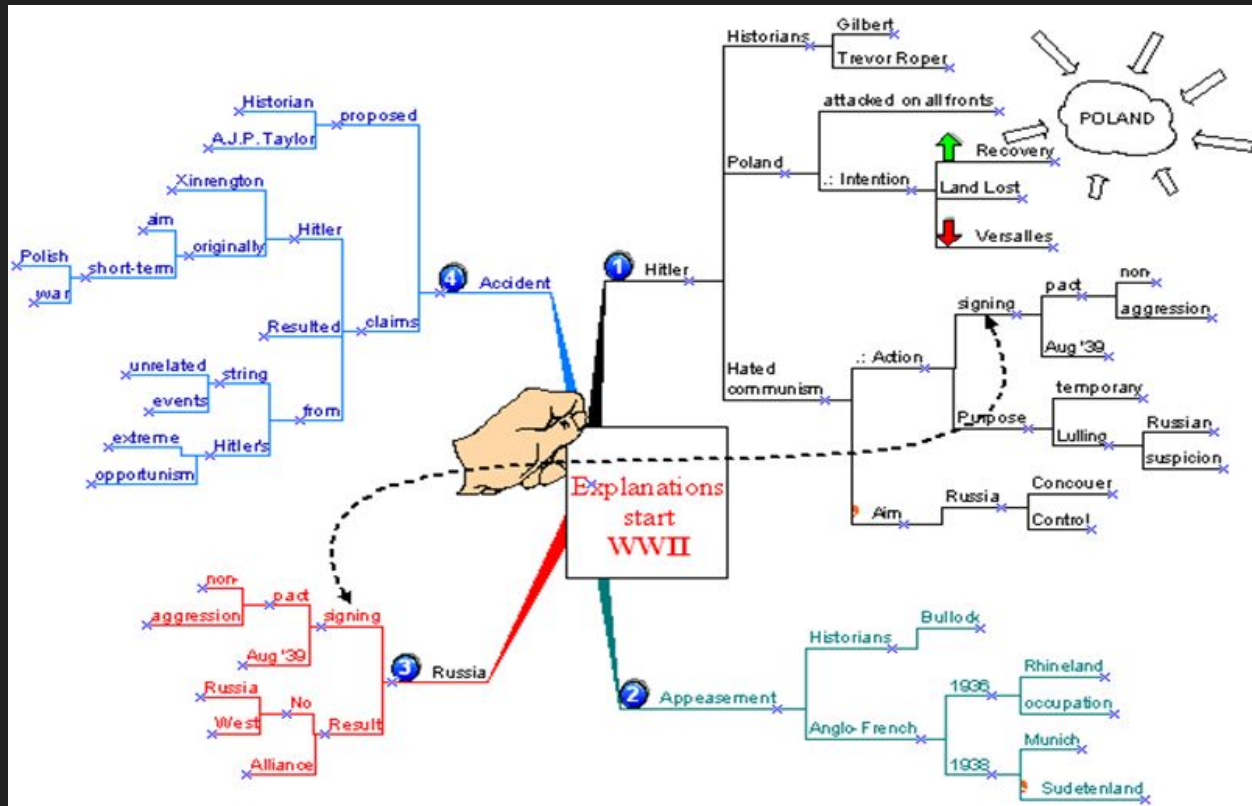

Strategies for revision: Mind maps

- Start with the theme in the middle of the page.
- Develop your main idea.
- Each sub-branch must relate to the branch before it.
- Use only keywords and images.
- Keywords must be written along the branches.
- Colour code the branches.
- Make things stand out on the page so they stand out in your mind.
- Design images you can relate to which will help you remember key information

Mind maps can be mostly text

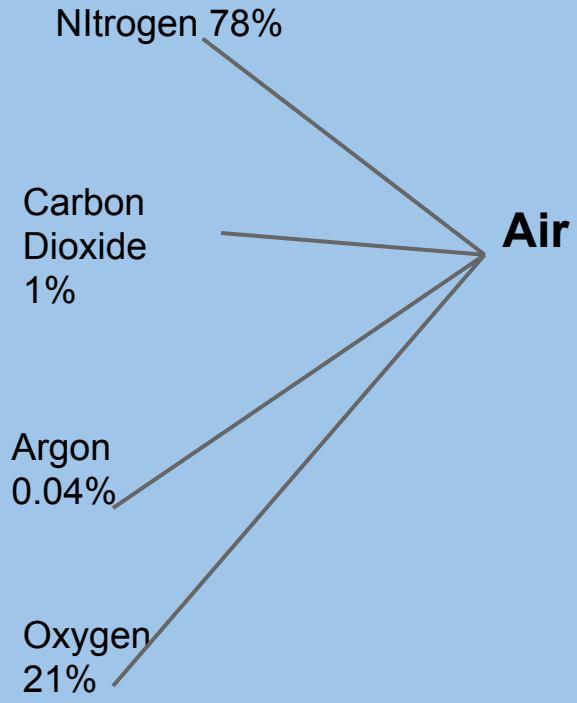

Or mostly images

Or both

<p>The school is not quite deserted,' said the Ghost. 'A solitary child, neglected by his friends, is left there still.' Scrooge said he knew it. And he sobbed.</p>		
<p>Oh, a wonderful pudding! Bob Cratchit said nobody said or thought it was at all a small pudding for a large family. It would have been flat heresy to do so.</p>		
<p>'Now, I'll tell you what, my friend,' said Scrooge, 'and therefore I am about to raise your salary!'</p>

Double Bubble Map

This map could be used in law to compare civil law to criminal law as they have both similarities and differences. This would be good to compare and contrast ideas and your thought process.

The Multi Flow Map

This map would be good for Geography as you could put 'Tsunami' in the middle as the **Event** part of the map and then go on to put the Causes and then Effects the tsunami had. This is beneficial as it is a more organised way of showing your thought process between cause and effects.

Hexagons are better than squares

Revision grids

Grids should be based on types of exam questions. In RE pupils have to answer 8 marks questions. The maximum number of points needed to answer the question is 4. Pupils fill in the grid with 4 key points which should then help them answer the question.

Pupils can design their own grids from looking at past papers and questions, or you can give them set topics.

Abortion & the law	Why abortion is controversial	Christian Arguments FOR	Christian arguments AGAINST
Mothers life at risk	When does life begin?	Life doesn't start at conception	Life starts at conception
