## NUT FREE SCHOOL

A member of our school community has a severe food allergy to peanuts/nuts. It is important that there is strict avoidance **of all nuts** in order to prevent a life-threatening allergic reaction. We are asking for your help to provide a safe school environment.

Any exposure to peanuts/nuts is likely to cause an allergic reaction that requires emergency medical treatment. To reduce the chance of this occurring, we are asking that you do not send any peanut or nut containing products to school with your child. If your child has eaten peanuts/nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school.
