

**you need:**

- three 1–6 dice
- two pens in different colours

# Writing numbers

 for 2 players**When it's your turn**

Roll the dice and arrange them to make a three-digit number. Say the number.

Write that number in the ring which describes that number, using your pen.

**The end of the game**

Keep playing until one player has written three numbers in each of three different rings. (For example, three numbers in '200 to 300', another three in '300 to 400' and another in 'over 600'.)

That player wins.

**Rule**

Both players can put numbers in the same ring.
