

# KS5 – March 2024

## Newsletter

Welcome to our March newsletter. We'd like to share and celebrate some of the wonderful activities which have taken place throughout the last month.

March has seen students learn about creative writing in their communication, language and literacy lessons. The month also saw some of students perform at a local high school. Students continue to work hard, developing their skills both in and outside the classroom.

**Skills Builder** helps build essential skills in 8 skilled areas. Why not take part in March's monthly challenge. March's skill focus is Aiming High.
