Keep them safe: an interactive CSE learning tool

About the resource

Keep them safe is a free online learning tool from Pace and Virtual College which has been accessed by more than 29,000 parents and professionals (as of March 2018).

Although the course is aimed at parents, safeguarding professionals will also find this 20-30 minute e-learning training course a valuable source of information to:

- find out more about child sexual exploitation
- learn the signs and indicators of when a child might be being exploited
- understand the impact child sexual exploitation can have on families
- know what to do if you suspect a child might be at risk of this abuse.

Course Summary: Keep Them Safe - Protecting Children from Child Sexual Exploitation

Overall Progress: 0%

Course Description:
 We have developed the free course in partnership with leading charity Parents Against Child Sexual Exploitation (Pace) as a response to the results of a recent YouGov survey 'Are parents in the picture? Professional and Parental perspectives of child sexual exploitation'.
 The short course (20-30mins) aims to equip parents with the information they need to protect their children from sexual exploitation.
