

Survey Report about College Food

Last week some students did a survey about the food in the college restaurant. 185 people took part in this survey. This is the final report.

How often people buy food

About 10% of those people buy food everyday from the college restaurant,
28% people buy food 3 times in a week,
30% people buy food once a week
and 32% people never buy anything from college restaurant.

What people like to buy

About 10% people, who buy food in the college restaurant, buy only vegetarian food, the rest of people buy non-vegetarian.

50% people buy hot food,
25% people buy cold food
and 25% people buy both types.

Halal Food

45% people would like to buy halal food
and 55% would not

65% people would like to buy hot halal food,
15% people would like sandwiches
and 10% people would like hot and/or cold food.

What people think of college food

20% people said it's very expensive,
50% people said it's expensive, 25% people said the price is average
and only 5% people said it's cheap.

About 70% people are satisfied with food,
25% people are not satisfied
and only 5% people are very satisfied.

People want more variety of food, for example pasta and pizza.
People want less junk food and more healthy food.
The coffee shop is very cold and too expensive.
