

### Religious Education

Warrington SACRE has determined the use of the Lancashire Syllabus for RE which is taught in our school

### British Values

We teach values through the different subjects represented within the National Curriculum. At the heart of these are the British Values of Democracy, the Rule of Law, Individual Liberty, Mutual Respect and the Tolerance of those of Different Faiths and Beliefs

### UNICEF Rights of the Child

We believe that the five aspects of teaching British Values complement the rights of the child as described in the detailed articles of the convention. Through outstanding PSHE, Values, Religious Education and other National Curriculum subjects children at our school are confident individuals who have the capacity to protect and change the world we live in.

### Values

Through our two year rolling programme of teaching values children are able to explore different feelings, qualities and school games values within lessons and assemblies

### Our Mission

Our Best Preparation for Tomorrow is Doing our Best Today

### SMSC

Pupils' spiritual, moral, social and cultural development is explored across the life of the school. Children are reflective about their own beliefs, religious or otherwise, recognise the difference between right and wrong, use a range of social skills in different contexts and understand and appreciate the wide range of cultural influences that have shaped their heritage and that of others

### GALA

Our Global and Local Association promotes Global and Local learning, within our community and through our links with partner schools

### PSHE

PSHE education is a planned programme of learning through which our children will acquire the knowledge, understanding and skills they need to manage their lives
