

2020/2021	Term 1		Term 2		Term 3		
<b>Year 7 THEMES</b>	<b>Introducing Geography (Physical, Human, Environmental)</b>	<b>Map Skills</b>	<b>Coastal Zone</b>	<b>One Planet</b>	<b>Revision &amp; End of Year exam</b>	<b>Weather &amp; Climate</b>	
<b>Key skills:</b> Map skills Geographical enquiry Explaining challenge and opportunity Knowledge of location, place and pattern Explaining processes Literacy Numeracy Independent learning	The 3 types of Geography	Continent - revision UK – key features Europe Scale Direction Symbols Grid references Height	Weathering Erosion Waves Long-shore drift Landforms of erosion Coastal erosion Coastal defence	Sustainability Effects of unsustainability Future effects Individual responsibility Sustainable tourism The Great Barrier Reef		Weather vs climate Measuring the weather Britain's climate Types of rain Anticyclone Depressions Microclimate Fieldwork	
<b>Assessment</b>	<b>My Favourite Place</b>	<b>Map skills exam</b>	<b>1. Ron the Rock 2. George &amp; Betty letter</b>	<b>Holistic</b>	<b>End of Year Exam</b>		
<b>Year 8 THEMES</b>	<b>Rivers</b>	<b>Shake, rattle and roll</b>		<b>Is Manchester a world city?</b>	<b>Revision &amp; End of Year exam</b>	<b>Fieldwork</b>	<b>Squatter settlements</b>
<b>Key skills:</b> Map skills Geographical enquiry Explaining challenge and opportunity Knowledge of location, place and pattern Explaining processes Literacy Numeracy Independent learning	The water cycle Long profile Erosion and transportation Upper, middle, lower course feature Reading a river map Flooding River management	Structure of the earth Plate-tectonics Volcanoes Earthquakes Protecting from tectonic hazards Japan case-study		Choosing a site to settle Function, pattern, Hierarchy CBD challenges and opportunities Fieldwork		Where would be the best location for table tennis tables?	What is a squatter settlement? Challenges and opportunities
<b>Assessment</b>	<b>1. Fish Cam 2. Boscastle News Report</b>	<b>Montserrat exam question</b>	<b>Tectonics Exam</b>	<b>Holistic</b>	<b>End of Year Exam</b>		

Year 9 THEMES	World Environments	Development Gap	Choices week	Globalisation	Revision & End of Year exam	Fieldwork	GIS
<b>Key skills:</b> Map skills Geographical enquiry Explaining challenge and opportunity Knowledge of location, place and pattern Explaining processes Literacy Numeracy Independent learning	What is an ecosystem World biomes and their location Tropical rainforest ecosystem; challenges and opportunities Climate graphs Hot desert ecosystem; challenges and opportunities. Fieldwork	What is development Development indicators Looking for trend in development How did the development gap grow? Closing the development gap	Temperate deciduous forests	What is globalisation, the challenges and opportunities. TNCs and exploitation		An investigation into tree carbon.	What is GIS? What data can be used? How can it be used? GIS of crime Practical. GIS in the future.
<b>Assessment</b>	<ol style="list-style-type: none"> <li>1. <b>Diary of a rainforest animal</b></li> <li>2. <b>Annotated desert animal</b></li> </ol>	<b>Development Exam</b>	<b>Epping Forest Exam</b>	<b>Holistic</b>	<b>End of Year Exam</b>		

	Term 1		Term 2		Term 3		
Year 10 THEMES	Coasts	Climate change	Urban Issues and challenges	Rivers (including fieldwork prep)	Rivers continued (including fieldwork write-up)	Lagos	Revision
<b>Key skills:</b> Map skills Collection of primary data Analysing data, trend, spatial variation and photos Evaluating challenge and opportunities Application of concept Explaining processes Knowledge of location and place Literacy Independent learning	Process Landforms or erosion & deposition Coastal Management	Evidence Cause Effects Mitigation Adaptation	UK population distribution Liverpool urban challenges and opportunities Sustainable traffic management Sustainable urban developments	The water cycle Long profile Erosion and transportation Upper, middle, lower course feature Reading a river map Flooding River management Fieldwork		NEE urban challenges and opportunities	
Assessment	<b>Coasts 1</b> <b>Coasts 2</b>	<b>Climate change</b>	<b>Urban Issues and Challenges</b>	<b>Rivers</b>		<b>Mock Exam</b>	
Year 11 THEMES	The challenge of natural hazards - tectonics	Resource management	Changing Economic World	Ecosystems	Weather Hazards (including 1 week pre-release preparation)	Revision	
<b>Key skills:</b> Map skills Decision making Analysing data, trend, spatial variation and photos Evaluating challenge and opportunities Application of concept Explaining processes Knowledge of location and place Literacy Independent learning	What is a natural hazard? Plate-tectonics Earthquakes Protecting from tectonic hazards	UK and global distribution of food water and energy Energy insecurity Improving energy security Sustainable energy	What is development? Causes and effects of uneven development Closing the gap Case-study of a LIC or NEE The UK post-industrialisation The UK North/South divide	What is an ecosystem? World biomes and their distribution Tropical rainforest ecosystem; challenges and opportunities Hot desert ecosystem; challenges and opportunities Desertification	Global atmospheric circulation Tropical storm; distribution, formation and case-study Reducing the impact of tropical storms UK weather hazards and case-study		
Assessment	<b>Tectonics</b>	<b>Resource Management</b>	<b>Changing economic world 1</b>	<b>Changing economic world 2</b>	<b>Ecosystems</b>
