17th December – School Closes for the Christmas Holidays

All this information and more can be found on the School Calendar under Events on our website

https://www.wheelockprimary.co.uk/

Attendance and Punctuality

We would like to remind families of the importance of arriving at school on time. This week alone, we recorded **63 late marks** across the school.

We understand that occasionally delays can happen due to traffic, appointments, or other unforeseen circumstances. However, regular lateness can have a significant impact on children's learning, wellbeing, and their start to the school day.

A reminder of our morning timings:

- **School gates open:** 8:30am
- **Classroom doors open:** 8:35am
- **School day starts:** 8:45am
- **Arrival after 8:45am:** Recorded as late
- **Arrival after 9:15am:** Recorded as an unauthorised absence, as the register has closed

Thank you for your support in helping children arrive on time, settled, and ready to learn. Every minute of learning counts.

Pupil Achievement

🏆 **What a weekend for the Wheelock pupils of STREET DANCE ACADEMY!** 🏆

Last weekend the team travelled to Birmingham to compete at the **SOAR Super Weekender** and what a weekend it was! 🤩

TEAM DYNAMITE – 1ST PLACE! 🥇

Featuring Ziah, Charlie, Harley, Astrid, Juan, Hollie and Alfie, Team Dynamite absolutely smashed it, taking **1st place in their age category!** ❤️‍🔥

Then it was on to the solos in the afternoon, with some amazing individual results:

🥉 **Harley** – 3rd place, Under 10s Newcomer

🥇 **Ziah** – 1st place, Under 10s Novice

🥉 **Juan** – 2nd place, Under 12s Newcomer

🥉 **Charlie** – 3rd place! Under 12s Newcomer

So much talent, hard work and dedication from every single dancer.

A massive well done to all the dancers What an achievement!

Harvey Slumfenburger's Christmas Present

Harvey Slumfenburger's Christmas Present, a festive afternoon of live music and storytelling for children aged 3–7 and their grown-ups at St Mary's Church in Sandbach.

Father Christmas has just one present left to deliver, and Harvey lives all the way at the top of Roly Poly Mountain! Can the children help him get there before Christmas morning?

Trailer: https://youtu.be/LxPr1E7k4DI

Based on John Burningham's much-loved picture book, this production from Musical Curiosities brings Harvey's story to life with flautist Meera Maharaj and multi-instrumentalist Jamie Stockbridge. Expect a lively mix of classical and folk music, with a few familiar Christmas tunes along the way.

Sunday 13 December 2026, 3–4.30pm

St Mary's Church, Sandbach

This event is aimed at EYFS and Key Stage 1 families.

Find out more and book tickets on Eventbrite

Anti-Bullying Week - Break the Silence

This week, we have taken part in Anti-Bullying Week, with a whole-school focus on this year's theme, **"Break the Silence."**

Thank you to everyone who joined in with Odd Socks Day on Monday. It was wonderful to see so many colourful and creative socks on display across the school!

Throughout the week, the children have explored the importance of speaking up, sharing their voice, and knowing how to seek support if they are worried about themselves or others. They have taken part in a range of activities to help promote kindness, respect, and inclusion.

We have also received some fantastic anti-bullying posters, and winners will be chosen next week. The winning designs will be displayed around school for everyone to enjoy.

Our younger children have created some wonderful colourful sock designs and have thoroughly enjoyed taking part in the activities.

Well done to all the children for their thoughtful contributions and enthusiasm throughout the week! 🌈🧦💙

Picture News

This week, children have been discussing the question: **"Is it fair that some countries have to do more than others?"**

Inspired by the COP31 climate conference, pupils explored how countries can work together to tackle climate change and whether nations with greater resources should take more responsibility. The discussion encouraged children to think critically about fairness, global cooperation and our shared responsibility for protecting the planet.

Talk about it at home: *What do you think is the biggest challenge facing our world today, and what can we do to help make a difference?* 🌍🌱

Class News

Cygnets and Pufflings

This week, we have been working hard across all areas of learning.

In Maths, we have been exploring the number 4 and investigating the different ways we can make it. We have been learning that 4 can be made using different combinations, including 1 and 3, 0 and 4, and 2 and 2. We have also been exploring the properties of 2D shapes, focusing on circles and triangles and discussing what makes each shape unique.

In Literacy, our focus text has been The Three Little Pigs. We have enjoyed exploring the characters and settings within the story, using descriptive language to talk about what we see. We have also been using our imagination to design and describe a new house for the pigs. During our writing activities, we have been applying our phonics knowledge to write CVC (consonant-vowel-consonant) words, with some of us beginning to independently write short phrases.

In Understanding the World, we have been exploring our local environment and learning about some of the landmarks in our local area. We have been developing our understanding of the world around us, talking about familiar places and recognising features of our local community.

In Expressive Arts and Design, inspired by our No Outsiders text, Simon Sock, we have been experimenting with different collage techniques to create our own colourful and unique odd socks. We have been exploring different materials, textures and ways of layering to bring our creations to life, while celebrating how everyone is unique and special.

Well done, Reception, for another fantastic week of learning! We are so proud of our growing confidence, curiosity and independence.

Goldfinches and Woodpeckers

We have had another busy week in Year 1!

In Literacy we have been writing character descriptions of Rapunzel, using our ideas from the *Role on the Wall* to help us think carefully about her appearance, personality and feelings. The children worked hard to include interesting vocabulary in their writing.

In Maths, we have been learning about 2D and 3D shapes. The children have enjoyed sorting, identifying and describing shapes by their properties and spotting them in the world around us.

The children have developed their computing skills by learning how to access their workspace on Purple Mash. The children have learnt to save their work independently and create pictures using 2Paint.

In Science, we have been exploring autumn. We discussed how the weather changes during this season and how we should dress appropriately. We also looked for signs of autumn outdoors and learnt about the difference between deciduous and evergreen trees.

In Whole Class Read we have been enjoying *Oi Frog* and using the text to explain which animal we would like to be and what we would choose to sit on. The children gave thoughtful reasons for their choices and enjoyed sharing their imaginative ideas with the class.

We hope you have a fabulous weekend and look forward to seeing everyone next week!

Owls and Robins

This week in maths, we have completed our second unit on addition and subtraction. The children have been using bar models and part whole models to support with their calculations. They have been finding missing numbers and working out whether to use addition or subtraction as the best method.

In literacy, we have been writing our setting descriptions this week. The children have learnt how to focus in on key features such as the sky, sun, garden and finally the topiary tree. We have been using similes, adverbs, expanded noun phrases as well as making sure that our capital letters and full stops are spot on too!

In science, we investigated if feet sizes change as we get older. We found that Mr Jone's feet measured 29cm whilst our oldest year 6 child measured 23.5cm. We discussed if there is a difference between boys and girls too. in RE, we looked at how we get ready to celebrate the birth of Jesus. During geography, the children explored what the North and South Poles are like. We identified the similarities and differences between the two. We shared Odd Sock Day on Monday where we celebrated all of our differences. In computing, we have continued to gather data, and we are learning to present this in pictograms. Our highlight this week was definitely the woods again. It was a little wetter this week, but we love being

out in the fresh air. We are working on our communication skills to tell others how we feel or to ask for help. This is so important in the woods.

Thank you for all of the donations for the Rainbow Raffle -we will be busy building our hampers!

Have a great weekend everyone!

Sandpipers and Moorhens

This week, Year 3 started by celebrating **Odd Socks Day** as part of Anti-Bullying Week. The children enjoyed discussing the importance of kindness, respect and celebrating our differences, and they created some fantastic posters to help promote these important messages across the school.

In Literacy, the children have worked incredibly hard to complete their Hot Write for our second unit, a narrative based on the text *A River*. They have used a range of skills taught throughout the unit, including expanded noun phrases, carefully punctuated sentences with commas, and ambitious vocabulary. We have been so impressed with the quality of their writing and the effort they have put into producing their final pieces.

In Science, we have continued our learning about forces and magnets. The children participated enthusiastically in practical investigations, using magnets to explore how forces can act over a distance and observing how different materials respond to magnetic forces.

In Geography, we continued our volcanoes topic by learning about the three main types of volcanoes: **active, dormant and extinct**. The children enjoyed finding out how volcanoes change over time and identifying examples of each type from around the world.

In Maths, we have completed our unit on addition and subtraction and are now beginning our multiplication unit. Next week, we will start by exploring equal groups and arrays, helping us to build a strong understanding of multiplication concepts.

In Whole Class Reading, the children are thoroughly enjoying both of our class texts and are developing their comprehension skills by making predictions, discussing characters and events, and answering increasingly thoughtful questions about what they have read.

Well done, Year 3, for another fantastic week of learning!

Kingfishers and Lapwings

What a fantastic week we have had in Year 4!

We started the week by celebrating Odd Socks Day, exploring the theme "Break the Silence." The children thought carefully about the difference between being a bystander and an

upstander and discussed ways they can support others. They then created thoughtful posters linked to our school value of Belong.

In Maths, we finished our unit on Area and have begun learning about Multiplication and Division. We have started with the 3 and 6 times tables, spotting patterns and making connections that will help us become more confident mathematicians.

In Literacy, the children have impressed us with their descriptive writing. They have been using expanded noun phrases and prepositions to add detail before writing as the polar bear character from *Leaf*. Their writing has shown great empathy as they considered the character's thoughts and feelings when unable to return home.

In RE, we learned about the meaning behind a Christingle and the symbolism of each part. We are excited about the possibility of creating our own during a forthcoming church visit. We have also enjoyed revisiting the Christmas story.

In Geography, our learning about rivers continued as we practised using atlases to locate rivers around the world and identify the countries and continents they flow through.

We are incredibly proud of the effort, enthusiasm and determination the children have shown this week. Well done, Year 4!

Kestrels and Red Kites

Another fantastic week in Year 5! Have a look at what we've been up to…

In Literacy, we explored our adventurer's character and their environment. The children wrote a short extract detailing their journey through the jungle, focusing on using relative clauses and adverbs of possibility. We then brainstormed potential threats our explorer might encounter and wrote a vivid descriptive piece to bring the danger to life.

In Maths, we have been busy ordering fractions, comparing them, and converting between mixed numbers and improper fractions. The children quickly spotted that the key first step to comparing fractions is finding a common denominator—and our handy times table facts came to the rescue once again!

In Science, we investigated friction and where we see it in action in everyday life. To test this out, we tried picking up two different types of jelly cubes—one plain and one coated in oil—using pencils as chopsticks. Things got very tricky, and we definitely had a few runaway jelly cubes flying around the classroom!

In Music, we continued our work on the 12-bar blues, focusing on the chords C, G, and F. We had a great time practising keeping in time with our partners to make sure our notes were played together cleanly to form each chord.

In RE, we explored the Christmas story across the Gospels of Luke and Matthew. Focusing on Luke's account, the children created their own comic strips to illustrate the key events of his version. Next week, we'll be comparing Luke's account directly against Matthew's.

Have a wonderful, relaxing weekend, everyone!

Eagles and Hawks

Year 6 have enjoyed another busy week of learning, showcasing great effort and determination to improve in their learning.

In Maths, we have been developing our understanding of fractions through multiplying fractions by whole number and multiplying fractions by fractions. They have demonstrated great resilience when working with tricky concepts like this.

In Literacy, we have begun our hot task, creating an endurance narrative based on *Shackleton's Journey*. Carefully choosing words for effect, both Hawks and Eagles have been writing in the first person about the determination of Shackleton and his crew.

Across other curriculum areas, Year 6 have continued to apply themselves with resilience and creativity. This was evident during Odd Socks Day, when pupils across both classes created inspirational posters with anti-bullying messages and about the importance of being yourself. We look forward to displaying these messages around the school and demonstrating our commitment to anti-bullying through our actions.

Praise

Reception & Key Stage One

Class	Name	Reason
Pufflings	Sofia	For amazing creativity and drawing skills.
Pufflings	Edmund	For fantastic progress with his Phonics and name writing.
Cygnets	Thomas	For working hard to pay attention and sit beautifully during carpet time. Well done!
Cygnets	Kimmy	For working hard during Maths! Well done!
Goldfinches	Isla	For being ready to learn and trying your hardest.
Goldfinches	Charlotte	For working hard to stay focused. Keep it up!
Woodpeckers	Ava	For working hard to recognise, name and sort 3D shapes.
Woodpeckers	Marianna	For always aiming high and aspiring to be your very best.
Owls	Darcey, Zora, Clara & Daisy	For excellent teamwork in the woods when constructing their chairs. Well done girls!
Robins	Lottie	For your enthusiasm and energy at dance club. Always joining in with a smile and inspiring others with your passion.
Robins	Dottie	For always striving to follow school rules and setting a wonderful example for others.

Key Stage Two

Sandpipers	Robin	For a fantastic attitude aiming high during your literacy hot write and including the skills on the success criteria.
Sandpipers	Lottie	For contributing great ideas during group discussions this week and developing her use of technical language.
Moorhens	Kaelyn	For demonstrating the Wheelock value of Believe by aiming high in literacy and developing greater independence in her learning.
Moorhens	Harry	For demonstrating determination and responsibility by improving his handwriting and maintaining focus during lessons, resulting in excellent progress.
Kingfishers	Sienna	For always aiming high and pushing herself to be her very best.
Kingfishers	Mia	For making huge improvements with her reading and completing more quizzes.
Lapwings	Echo	For showing resilience and excellent teamwork in Geography when locating rivers around the world!
Lapwings	Alexa	For showing resilience and excellent teamwork in Geography when locating rivers around the world!
Kestrels	Lucas	For your creative Pokémon-themed ideas when designing your stuffed toy in DT.
Kestrels	Jenson	For your amazing descriptive writing about our explorer in Literacy.
Red Kites	Benji	For lively engagement and exceptional effort in lessons.
Red Kites	Eric	For consistent effort and engagement in all lessons.
Hawks	Holly	For always trying her best and for being a kind and caring friend to others.
Hawks	James	For making thoughtful contributions to our class discussions and for always making me smile with his positive attitude and enthusiasm.
Eagles	Eleanor	For fantastic understanding of different fraction calculations.
Eagles	Henry	For very creative ideas writing an endurance narrative.

The Hive

This week in the Hive, the children have enjoyed spending quality time with their friends while taking part in a variety of fun and engaging activities.

Friendship and teamwork have been at the heart of our sessions. The children worked together brilliantly while building imaginative creations with LEGO and our building straws. It was wonderful to see them sharing ideas, solving problems together, and encouraging one another as they constructed towers, vehicles, and unique designs.

We have also seen many children growing in confidence through performing in front of others. Whether acting out stories, showcasing their creative ideas, or entertaining their friends with short performances, the children demonstrated fantastic courage and enthusiasm. It was lovely to see their peers supporting and applauding each other.

🎉

The festive season has arrived at the Hive, and the children have enthusiastically begun their Christmas craft activities. They have been busy designing and creating festive decorations and artwork, bringing plenty of colour, creativity, and holiday cheer to our sessions. We look forward to sharing more of their wonderful creations over the coming weeks.

🎄

FOWS NEWSLETTER

🎄 Christmas Fair – Save the Date!

Planning is already underway for our **FOWS Christmas Fair!**

📅 **Thursday 10th December 2026**

We're busy putting together plans to make this year's fair a fantastic festive event for our children, families and school community. More information will be coming soon, so keep an eye out!

Thank you for continuing to support **Friends of Wheelock School (FOWS)**. Every bit of support helps us raise money and create some brilliant experiences for our children and school. 💛

We hope to see you soon!

Safeguarding and Parenting Support

Supporting a Child with Anxiety

This online session is designed to help parents and carers understand the different ways anxiety can present in children and young people. The webinar will provide practical ideas and strategies to help families support their child in recognising, understanding and managing anxiety.

📅 **Wednesday 9 December 2026**

🕐 **11:30am - 1:00pm**

💻 **Online via Microsoft Teams**

This session may be particularly beneficial for families who are concerned about their child's worries, fears, avoidance behaviours or emotional wellbeing and are looking for practical ways to provide support at home.

For more information about the webinar and Visyon's wider services, visit www.visyon.org.uk or call **01260 290000**.

You Are Not Alone - A supportive community for parents and carers

You Are Not Alone is an online support service for parents and carers who have a child diagnosed (or suspected) with autism and/or PDA. They are offering **a whole month free** access to a warm, understanding community for parents and carers seeking support, connection and practical guidance. This safe, welcoming space offers help with meltdowns, emotional regulation, education and everyday challenges, right from the start.

You'll have full access to weekly live dropins, a rich library of videos, articles and podcasts, and a supportive WhatsApp group to connect throughout the week. Even one month of steady support can help you feel less isolated, more confident, and better equipped to advocate for your child.

Follow the link for further information https://www.youarenotalone.community/

Pupil Premium – Are You Eligible?

Free School Meals

Please find below the link to apply for Free School Meals. If you do qualify for this it covers lots more than just the school meals therefore it may be worth taking a look.

https://www.cheshireeast.gov.uk/schools/school-meals/free_school_meals.aspx
