PCSO Visit

Today, we welcomed our local PCSOs into school to speak with our pupils in Years 4,5 and 6 about **choices, consequences and anti-social behaviour**. The session encouraged children to think carefully about how their actions can affect both themselves and others, and how positive choices can help keep everyone safe and happy.

The PCSOs explained how anti-social behaviour, both in and outside of school, can have serious consequences and may impact future opportunities. They also discussed the importance of making good decisions, standing up for what is right, and knowing what to do if they see others making unsafe or inappropriate choices. Pupils also learned about the concept of joint enterprise and how being associated with the wrong behaviour can have consequences, even if they are not directly involved.

Our children were highly engaged throughout the visit, asked lots of thoughtful questions and listened exceptionally well. The PCSOs also shared important reminders about staying safe and making sensible choices over the weekend, particularly when attending firework displays and bonfire events.

We would like to thank our local PCSOs for taking the time to visit Wheelock and support our pupils in understanding how safe and responsible choices help us all.

Colgate’s Adventures in the Molar System

We are delighted to be taking part in **Colgate's Adventures in the Molar System** programme, which helps children learn about the importance of good oral health and dental hygiene. As part of the initiative, each child will receive a free toothbrush, toothpaste and an information leaflet to take home. We hope this will encourage healthy brushing habits and support families in keeping children's smiles healthy and bright! 🦷✨

Picture News

Each week, children take part in **Picture News**, where they explore current events and discuss important questions linked to the world around them. These discussions help children develop their critical thinking, speaking and listening skills, and understand different viewpoints in a safe and respectful environment.

Children share and discuss the weekly Picture News question in class and are encouraged to continue these conversations at home with family members.

This week's question is: *"Is the journey more important than the destination?"*

You may wish to use the attached Picture News Take Home sheet to help start a discussion at home. There are no right or wrong answers. We encourage children to share their views, listen to others' opinions and explain the reasons behind their thinking.

Sports News

Year 5/6 Football Tournament

We are incredibly proud of our Year 5/6 football team, who competed in the finals night of their football tournament last night against the top 8 teams in Sandbach and achieved a fantastic 4th place out of 16 teams!

The children were absolutely brilliant, winning their first three matches of the evening! Their final game was a battle for third place, which ended in a narrow 1–0 defeat. The team finished just outside the podium positions.

The level of talent, determination, improvement and sportsmanship shown by every single player has been outstanding. They have grown so much as a team, supporting and encouraging one another and giving their all on the pitch.

We couldn't be prouder of these children! They have represented our school brilliantly, and their hard work, teamwork and positive attitudes are something to celebrate.

To recognise the fantastic contribution of every player, we also celebrated their individual strengths with personalised football awards. Each child received a special award highlighting the unique qualities they bring to the team. Every player has played an important part in the team's success, and we wanted to recognise exactly what makes each of them so special!

 Fearne – The Unsung Hero Award

"For always putting the team first, working hard always and making a difference in so many ways. Your contribution never goes unnoticed!"

 Ziah – The Leadership Award

"For being a fantastic leader, leading by example and always encouraging those around you. You bring the team together and show what it means to be a leader and team player!"

 Ethan – The Defensive Masterclass Award

"For reading the game and putting your body on the line to protect your team. You are a rock at the back and a nightmare for the opposition!"

 Charlie – The Brick Wall Award

"For being so difficult to get past, making fantastic blocks and standing strong when your team needs you most. A true defensive powerhouse!"

 Arnie – The Star Player Award

"For consistently showing outstanding footballing ability, making a huge impact on the pitch and inspiring those around you. A real star for the team!"

💪 George – The Grit & Energy Award

"For showing incredible determination, endless energy and a fantastic work ethic. You battle for every ball, put in the hard work and never stop working for your team!"

🎯 Jacob – The Playmaker Award

"For spotting opportunities, creating chances and producing fantastic passes. You have a brilliant footballing brain and know how to make things happen!"

👊🏽 Noah – The Safe Hands Award

"For making fantastic saves, showing bravery and giving your team confidence. You are a reliable last line of defence and a fantastic goalkeeper!"

🔥 Arthur – The Resilience Award

"For showing incredible determination and never giving up, even when the odds are against you. Your fighting spirit and commitment are fantastic!"

⚔️ Ted – The Warrior Award

"For showing incredible courage, commitment and determination every time you step onto the pitch. You give everything for your team and never shy away from a challenge!"

A Team to Be Proud Of! 🌟

These awards recognise so much more than footballing ability. They celebrate the teamwork, leadership, determination, resilience, commitment and positive attitudes that make this group of children so special.

A huge well done to every single player! You should all be incredibly proud of yourselves. Finishing 4th out of 16 teams is an amazing achievement, but what makes us proudest is the way you have played, supported one another and represented our school throughout the tournament.

What a team! What an achievement! We couldn't be prouder! ⚽🏆🌟

Class News

Cygnets and Pufflings

What a fantastic first week back! The children have returned refreshed, settled and ready to learn, and we are so proud of how well they have come back to school after their half-term break.

We have enjoyed starting our first phonics groups, allowing everyone to continue developing their phonics skills and knowledge at the correct level for their individual learning.

In Drawing Club, we explored the lovely story *Star in the Jar*. The children used their imaginations to think about what they would keep a star in if they were lucky enough to find one! We focused our code writing on CVC (consonant-vowel-consonant) words using our 'Fred Fingers' to help us to work out the sounds we need.

In Maths, we have been busy creating number tracks and thinking about which numbers come before and after one another to help us develop our number knowledge.

Our topic learning has focused on Bonfire Night. We explored why we celebrate it and how people mark the occasion, before creating our own fantastic firework artwork using toilet roll printing and paint. There has been lots of colour and creativity!

We have also begun learning our nativity songs, and excitement is already building for our performance in December!

We are incredibly proud of how wonderfully the children have settled back into school and embraced their learning this week. Well done, everyone!

Have a lovely weekend!

Goldfinches and Woodpeckers

Welcome back, Year 1! We have had a busy and exciting start to the term and the children have settled back into routines brilliantly.

In Literacy, we have begun immersing ourselves in our new text, *Rapunzel*. The children have been exploring new vocabulary, discussing the story and making predictions about what might happen next.

In Maths, we have started our subtraction unit. The children have been investigating how many are left when amounts are taken away and using subtraction to find the missing part in a part-whole model.

During Whole Class Reading, we have been enjoying *Oi Frog!*. The children have been identifying rhyming couplets and matching illustrations from the story to the correct rhyming pairs.

In Geography, we started our new unit, *What Is It Like Here?* We used Google Earth to explore Wheelock and identified different human and physical features that we could spot on a map.

The children particularly enjoyed their first Computing lesson of the term, where they logged on to Purple Mash and personalised their accounts by creating and changing their avatars.

It has been a fantastic start to Autumn 2 and we look forward to another week of exciting learning ahead!

Owls and Robins

Welcome back! It has been great to have the children back this week. Their attitude has been great and they've been ready to learn and play with their friends.

In literacy, we have started to immerse ourselves on our new text - The Night Gardener. The children have made thoughtful predictions and looked at new vocabulary such as discovered and sculptures. We have also been learning how to add the suffixes -ful and -less to different root words.

In maths, we finished our first unit on addition and subtraction and moved onto now adding and subtraction 2 digit numbers. The children have worked on adding the tens first and then the ones. We have been using the base 10 equipment as well as hundred squares to help us.

In science. we looked at how we have basic needs - air, water and food. The children explored that only living things need the basic needs. In RE, the children looked at the 4 R's: reduce, reuse, recycle, repair. We then added in respect and how we should be respectful of others and the environment that we live in. During geography, the children learnt about the 7 continents and labelled these on a map. In computing, we have started our unit on questioning where we will use data to answer questions. The children enjoyed their first woodland sessions this week too - lots of fresh air and mud!

It has been a great week. We hope that you have a wonderful weekend. Well done Year 2!

Sandpipers and Moorhens

What an exciting and memorable week it has been in Year 3!

We started the week with our fantastic **Stone Age Workshop**, where the children had the opportunity to step back in time and experience life as a Stone Age person. They explored a

variety of ancient artefacts, learned about trade, and even tried their hand at shooting bows and arrows. The children also made spears and flint arrowheads, created cave paintings using chalk on slate, and discovered how archaeologists learn about the past through artefacts. It was a wonderful hands-on experience that brought our history learning to life.

In Literacy, we have begun immersing ourselves in our new text, *The Rhythm of the Rain*. Over the coming weeks, the children will be writing their own kennings poems, so we have started by exploring riddles made up of two-word descriptions. The children thoroughly enjoyed decoding these clues and working out what they were describing.

In Maths, we have continued our work on addition and subtraction, focusing on adding two-digit and three-digit numbers. The children have worked hard to develop their confidence and accuracy when using different calculation strategies.

In Whole Class Reading, both classes have started exciting new texts. Moorhens are exploring *The Human Body*, while Sandpipers have begun reading *James and the Giant Peach*. The children have already shown great enthusiasm for their new books.

We have also started our new Geography unit, where we will be learning all about why people live near volcanoes, and in Science we have begun investigating **forces and magnets**, exploring how magnets work and the effects of different forces on objects.

It has been a fantastic week of learning across Year 3, and we are incredibly proud of the children's enthusiasm, effort, and engagement.

Have a lovely weekend!

Kingfishers and Lapwings

Welcome back to Year 4, we have had a lovely first week back after the half term break.

The children have enjoyed starting our new text in Literacy 'Leaf'. A story about an outsider (polar bear) who finds himself somewhere he doesn't belong. We have explored new vocabulary related to the story and the children have written some wonderful prepositional poems based on one of the images.

In maths we have completed one step and two step problem solving using addition and subtraction. We have used bar models to help us solve our calculations and thought about how we can check our answers.

In computing this week we have started to think about Hardware and Software. The children have learnt all the different parts of a computer system linked to the internal and external hardware.

We have started our new RE unit based on Christianity and this week the children had to think about symbols that are familiar to them and their meaning. They then created their

own symbols that represented something about them. There were some lovely symbols created including, family, special places and hobbies.

In Geography the focus was to find locations of Rivers within the UK. The children learnt names of rivers and had to identify where they were using maps of the UK.

Overall, a busy first week back!

Year 4 are continuing to swim this half term so please remember swimming kits on Monday (Kingfishers) and Friday (Lapwings).

Have a lovely weekend.

Kestrels and Red Kites

Welcome back, everyone! It has been a wonderful start to the second half of the autumn term in Year 5. Here is a look at what we have been up to this week…

In English, we launched a new narrative unit inspired by the text *The Lost Book of Adventure*. The children made thoughtful predictions about the story based on the items the characters carry and discover. We also investigated rich new vocabulary and learned how to convert nouns and adjectives into verbs using suffixes (such as *-ify*, *-ise*, and *-ate*). Next week, we will analyse the structure and features of the text, laying the groundwork for the children to write their own adventure stories.

In Maths, we tackled some challenging mathematical vocabulary as we explored prime numbers, square numbers, cube numbers, factors, and multiples. The children's quick recall of their times tables proved especially handy! Next week, we will conclude this unit before beginning our work on fractions.

In Geography, we began our new enquiry: *What is life like in the Alps?* We started by revisiting world maps to locate the continents and oceans, before zooming in on Europe to pinpoint the Alps in relation to surrounding European countries. The children identified which nations share the mountain range and discovered its highest peak, Mont Blanc.

In RE, we investigated why there are different versions of the Christmas story. Working with different sources about a single event, the class reflected on how accounts can share a core truth while differing in subjective detail, exploring how personal viewpoints and perspectives shape how stories are told.

The children have settled straight back into their routines and worked with fantastic energy all week.

Have a wonderful, restful weekend everyone!

Eagles and Hawks

It has been great to welcome the children back after half term. Year 6 have returned with a positive attitude and settled quickly back into their routines, approaching their learning with enthusiasm and determination.

In Maths, we have been developing our understanding of fractions by finding equivalent fractions, simplifying fractions and finding common denominators to compare and order fractions. The children have worked hard to apply their reasoning skills and explain their methods clearly.

In Literacy, we have begun exploring our new class text, *Shackleton's Journey*. The children have enjoyed making predictions about the story and have been developing ambitious vocabulary to describe the dramatic landscapes of Antarctica, preparing them for future writing opportunities linked to the text.

There has also been a big focus on Art this week as we started our *Expressing Ideas* unit. Using the work of Banksy as inspiration, we explored how street art can be used to communicate important messages. We discussed ways of protecting our planet before creating our own artwork around this theme. The children learned new drawing techniques, including one-point perspective and the use of a vanishing point, as well as how to draw images to scale. They produced some fantastic pieces of artwork and showed great creativity throughout the week.

Well done, Year 6, for such a positive start to the new half term!

Praise

Reception & Key Stage One

Class	Name	Reason
Pufflings	Mia	For always being ready to learn and trying her best.
Pufflings	Archie	For a super first week back and a flair for number work.
Cygnets	Esme	For always being ready to learn and demonstrating the Wheelock behaviours. Keep up the great work!
Cygnets	Ben	For always being ready to learn and demonstrating the Wheelock behaviours. Keep up the great work!
Goldfinches	Lyla	For always being ready to learn and having a great attitude inside the classroom.
Goldfinches	George	For always being ready to learn and having a great attitude inside the classroom.
Woodpeckers	Holly-May	For being such a kind and helpful member of our class.
Woodpeckers	Leo	For always trying his best and bringing a smile to our classroom every day.
Owls	Amelie and Ava M	For having great working attitudes - you always push yourself to do your best and produce fantastic work. Well done!
Owls	Alfie and Ava	For working hard to write sentences with the correct punctuation and making sure they make sense. Well done for building your independence with this!
Robins	Daisy-May	For her fantastic creative writing of a simile.
Robins	Willow	For her hard work in Maths particularly on the carpet this week.

Key Stage Two

Sandpipers	**Griffin**	**For fantastic independent learning and self-organisation.**
Sandpipers	**Sandpipers**	**For showing brilliant respect and understanding during Stone Age workshop on Tuesday. You made me very proud.**
Moorhens	**Carter**	**For showing excellent enthusiasm in our stone age workshop.**
Moorhens	**Charlie**	**For showing excellent enthusiasm in our stone age workshop.**
Kingfishers	**Lawrence**	**For superb creative ideas in his writing and working more independently.**
Kingfishers	**Olivia**	**For a fantastic attitude towards learning, always engaged. A true role model to others.**
Lapwings	**Isaac**	**For aspiring in Literacy work & showing determination to get to the challenge in Maths every day!**
Lapwings	**Esme**	**For aspiring in Literacy & showing determination with her handwriting!**
Kestrels	**Maisie**	**For demonstrating outstanding knowledge and exceptional effort in her Science assessment on Earth and Space.**
Kestrels	**Oscar**	**For fantastic focus and effort this week, producing a standard of work he should be very proud of.**
Red Kites	**Jacob**	**For showing amazing resilience in Maths this week and working super hard to improve his Maths skills.**
Red Kites	**Millie**	**For showing resilience and determination when improving her work in Literacy.**
Hawks	**Charlie**	**For always listening attentively during lessons and making valuable contributions to class discussions. Well done, Charlie!**
Hawks	**Mabel**	**For working hard and always striving to achieve her best. Well done, Mabel!**
Eagles	**Freddie**	**For showing great teamwork and always listening to the views of others.**
Eagles	**Lucie**	**For showing great understanding of simplifying fractions to solve problems.**

The Hive

We would like to extend a warm welcome back to all our children and families after the half-term break. It has been lovely listening to the children sharing their adventures.

Over the past week, the children have enjoyed spending time in our role-play and dressing-up area, using their imaginations to create characters, stories, and games together. It has also been lovely to see children sharing craft ideas with one another, showing creativity, teamwork, and kindness.

Outdoors, the children have been making the most of the fresh air and have particularly enjoyed taking part in a variety of ball games. These activities help develop cooperation, coordination, and confidence whilst having fun with friends.

Important Reminder

For the safety and security of all children attending the club, please remember that the gate access code is for adult use only and must not be shared with children or anyone outside of your immediate family. This helps us maintain a safe environment for everyone.

Thank you for your continued support. We look forward to another fun-filled half term at the club.

FOWS NEWSLETTER

📣 Next FOWS Meeting

Our next meeting will be:

📅 **Thursday 12th November 2026**

⏰ **7:30–8:00pm start**

📍 **Barchetta Restaurant, Wheelock**

New members are always welcome!

There's absolutely no pressure to attend every meeting. Whether you can help regularly or just occasionally at events, we'd love to have you involved.

🌈 Rainbow Raffle is coming!

We're excited to be launching our **Rainbow Raffle** again!

To help us create our colourful class hampers, we'll be holding a:

🌈 Non-Uniform Day

📅 **Friday 20th November 2026**

Children are invited to come to school in **non-uniform** and bring along a **coloured donation for their class hamper**.

Each class will be given a colour, and we'll share the class colours and some donation ideas nearer the time.

The donated goodies will be used to create our fantastic **Rainbow Raffle hampers** for the Christmas Fair! 🎁

🎄 Christmas Fair – Save the Date!

Planning is already underway for our **FOWS Christmas Fair!**

📅 **Thursday 10th December 2026**

We're busy putting together plans to make this year's fair a fantastic festive event for our children, families and school community. More information will be coming soon, so keep an eye out!

Thank you for continuing to support **Friends of Wheelock School (FOWS)**. Every bit of support helps us raise money and create some brilliant experiences for our children and school. 💛

We hope to see you soon!

Friends of Wheelock School (FOWS)

Safeguarding and Parenting Support

Supporting a Child with Anxiety

This online session is designed to help parents and carers understand the different ways anxiety can present in children and young people. The webinar will provide practical ideas and strategies to help families support their child in recognising, understanding and managing anxiety.

📅 **Wednesday 9 December 2026**

🕐 **11:30am - 1:00pm**

💻 **Online via Microsoft Teams**

This session may be particularly beneficial for families who are concerned about their child's worries, fears, avoidance behaviours or emotional wellbeing and are looking for practical ways to provide support at home.

For more information about the webinar and Visyon's wider services, visit www.visyon.org.uk or call **01260 290000**.

Youth Mental Health Aware

A free introductory three-hour session designed to increase parents' and carers' understanding of young people's mental health, helping them to recognise challenges, build confidence and access appropriate support.

📅 **Saturday 7 November, 10:00am-1:00pm**

📍 **Just Drop-In, Macclesfield**

Parent/Carer Peer Support Forum

A welcoming peer support session for parents and carers seeking connection, shared experiences and support from others facing similar challenges.

📅 **Wednesday 18 November, 6:30pm-7:45pm**

📍 **Just Drop-In, Macclesfield**

For further information or to book a place for either session, please contact:

📧 parenting@justdropin.co.uk

You Are Not Alone - A supportive community for parents and carers

You Are Not Alone is an online support service for parents and carers who have a child diagnosed (or suspected) with autism and/or PDA. They are offering **a whole month free** access to a warm, understanding community for parents and carers seeking support, connection and practical guidance. This safe, welcoming space offers help with meltdowns, emotional regulation, education and everyday challenges, right from the start.

You'll have full access to weekly live dropins, a rich library of videos, articles and podcasts, and a supportive WhatsApp group to connect throughout the week. Even one month of steady support can help you feel less isolated, more confident, and better equipped to advocate for your child.

Follow the link for further information https://www.youarenotalone.community/

Pupil Premium – Are You Eligible?

Free School Meals

Please find below the link to apply for Free School Meals. If you do qualify for this it covers lots more than just the school meals therefore it may be worth taking a look.

https://www.cheshireeast.gov.uk/schools/school-meals/free_school_meals.aspx

New Autumn Term 2 Menu

School Meals Price Increase

We would like to remind parents and carers that the cost of a school meal increased from **£2.60 to £2.70** with effect from **1st September 2026**. We apologise that this change was not communicated at the start of the school year and appreciate your understanding. The increase was necessary due to rising operational costs, including increases in National Insurance contributions and other staffing, food and service-related expenses. We remain committed to providing high-quality, nutritious meals for our pupils while keeping costs as affordable as possible for families. Thank you for your continued support.

Tel: 01270 767275

Pharmacists can now provide treatment or some prescription medicine, if needed, for seven common conditions, without having to see a GP.

Each condition is subject to age eligibility when providing prescription medicine:

Condition	Age eligibility
UTI	16-64 years
Sinusitis	12 years and over
Earache	1-17 years
Sore throat	5 years and over
Shingles	18 years and over
Impetigo	1 year and over
Infected Insect Bite	1 year and over
