

Art – Year 7 Term 3

What are we learning this half-term?

This half-term students will be applying their knowledge of Go Suga's work to their own practice. Students will use paper cutting and collage techniques to replicate his style. Students will be set a brief which reflects real world practice, and will need to plan, refine, and develop their own work in relation to this.

Optional home learning tasks

- Choose an image of an environment – recreate the environment imitating Go Suga's work. You could use coloured pencils, felt tips, or create it digitally.
- Take some paper outdoors and make rubbings of different textures. This can be done by placing a piece of paper onto a surface and then rubbing a pencil over the top. Then work into the rubbings using a pen to add a drawing over the top.
