

MFL – Y8 Term 5

What are we learning this half term?

Spanish:

Students are learning to talk about healthy lifestyles. They will develop and use a wide-ranging and deepening vocabulary that goes beyond their immediate needs and interests, allowing them to give and justify opinions and take part in discussion about wider issues.

French:

Students are learning to talk about their hobbies and what they do in their free time. They will be focusing on expressing opinions and building up longer answers using time phrases (often, sometimes, never) and giving reasons why they do and don't do different activities.
