

## Art – Year 8 Term 3

### What are we learning this half-term?

This half-term students will be researching traditional Tong Lau architecture. Students are introduced to the style of architecture, considering why they may be built in that way. Students will then design their own Tong Lau building that will be carved out of lino and printed.

### Optional home learning tasks

- Students can research other types of Asian architecture and create a pencil drawing of one of these buildings. Students should consider proportion and scale when creating their drawing.
- Students can continue to explore the use of Art to represent culture. Research Ndebele Art from South Africa. Students should create a research page to show everything they have learnt.
- Students could create their own piece of Ndebele artwork using coloured pencils, felt tips or paint.
