

Maths

In Maths we will continue addition and subtraction and begin shapes but at the end of term we will consolidate our knowledge in number and place value. Throughout our lessons, we have an element of problem solving and reasoning. Children will apply their mathematical knowledge and use manipulatives and resources to demonstrate their understanding, deepen thinking and develop mastery.

RE

This half term we will be looking at What do some people believe God looks like? The children will be exploring how other people understand God on Earth; considering different representations of God and understanding why this is challenging.

PSHE

Our PSHE this term will continue 'Think Equal' and are reading books that reflect the changing topics of each week.

English

We will be learning about a range of text types this term. These include:

- Recounts
- Instructions
- Letter writing
- Descriptions
- Information books

These text types will be used in a cross curricular manner across all subjects. We will also be following the **Read Write Inc. Scheme in Phonics**.

Science

Our topic this term is 'Everyday materials which will provide an exciting introduction to chemistry. It will allow us to explore the properties of materials, for example, which materials are waterproof, what materials to use when building a wall. We will learn important scientific skills such as questioning and observation and about how to use simple equipment to perform tests safely.

P.E.

This term we will take a multi-skills approach to learning through activities that are fundamentals of movement. This approach focuses on the development of movement, balance and coordination. We will also be doing gymnastic working wide, narrow and curled types of rolling and working on our balance.

Music

In music we will learn and we have music lessons with a specialist music teacher every Thursday morning. These lessons cover rhythm and pulse, pitch, singing games and instrumental activities.

Topic

Our topic this term is 'Locality'. This is a geography based topic where children will complete simple fieldwork and observational skills. They will be to studying the geography of The William Hogarth School and its ground and the key human and physical features of its surrounding environment.

DT/Cooking

This term we will spend time on developing basic cooking skills such as measuring, pouring and mixing. They will also be making simple slides and levers for a moving story book.
